1978 Our Year

VALHALLA

Mark,
You're a nice guy, that I'm glad I got to know. We'll have to talk more since we have a class together. Well, good luck in football & know you'll probably go a long ways and good luck in everything else.

Yours
Sue

Mark,
Your a super guy, but I never got a chance to talk to you. I hope we find time to talk this year. Next year you'll be playing study football at some big college right? and where will I be? Who knows. Anyway Keep in touch!! Love Kay

Mark,

You're a super nice guy and I'm glad I know ya pretty good. Singles Survival is a pretty good class huh? pke .... You're a good athlete and thats what I like in a guy. Stay as nice as ya are and let's make the best of our Senior yar.

Love,
Jammy

Mark
It's really nice
person who i've known
for quite sometime
Since this is your
last year, make the
best of it. God luck
in everything ya
do and always keep
in touch.
Love ya,

You would measure time the measureless and the immeasurable.
You would adjust your conduct and even direct the course of your spirit according to hours and seasons.
Of time you would make a stream upon whose bank you would sit and watch its flowing.
Yet the timeless in you is aware of life's timelessness,
And knows that yesterday is but today's memory and tomorrow is today's dream.

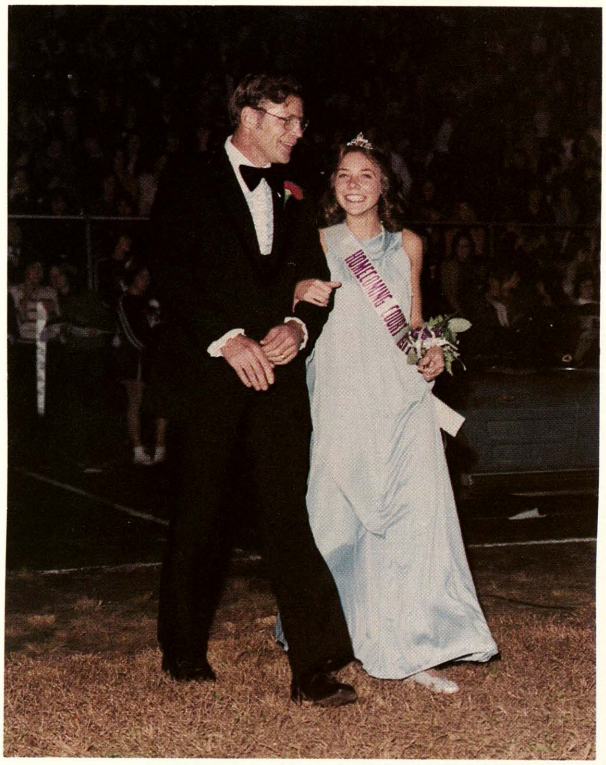
Homecoming Highlights



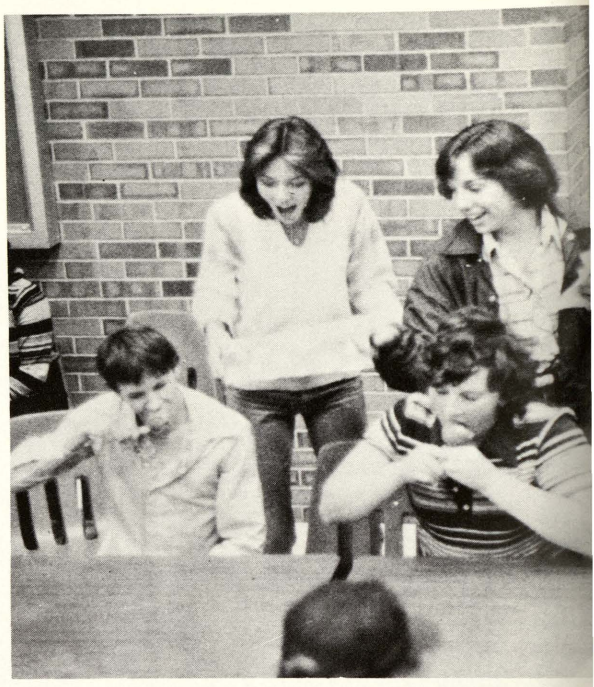
Homecoming is one of those events that is remembered by many for a long time. There are certain people, however, to whom Homecoming is especially memorable.

To all the football players, managers, coaches, cheerleaders, and spectators the Homecoming consisted of a victorious game in which Viking Spirit was strong.

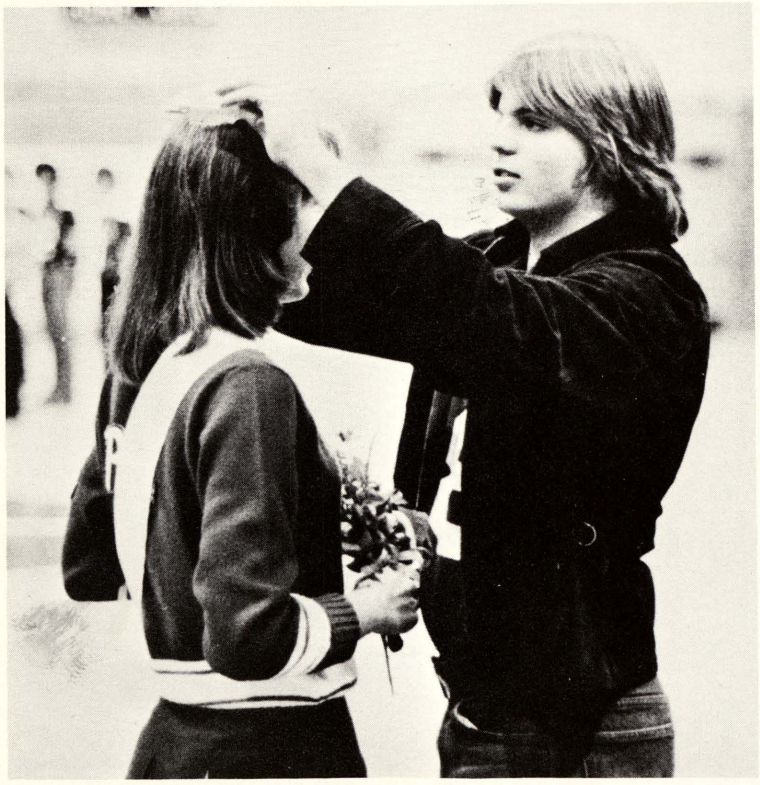
Those girls who were chosen as the Top Sixteen candidates for the Homecoming Court will probably always remember their senior Homecoming. The girls chosen for this honor were: Carole Houston, Paige Cook, Jodi Koppenhofer, Susan Abbott, Vicki Thomas, Linda Benjamin, Lori Rabe, Sherry Whaley, Janis Taylor, Pam Van-Y, Lisa Ellis, Beth Coffey, Diane Harding, Kelly Skillman, Shelley Hepinstall, and Julie Brady. Of the top 16, six girls were chosen as the Homecoming Court and one as Queen. Those who became the court were: Julie, Linda, Vicki, Lori, Susan, and Carole.

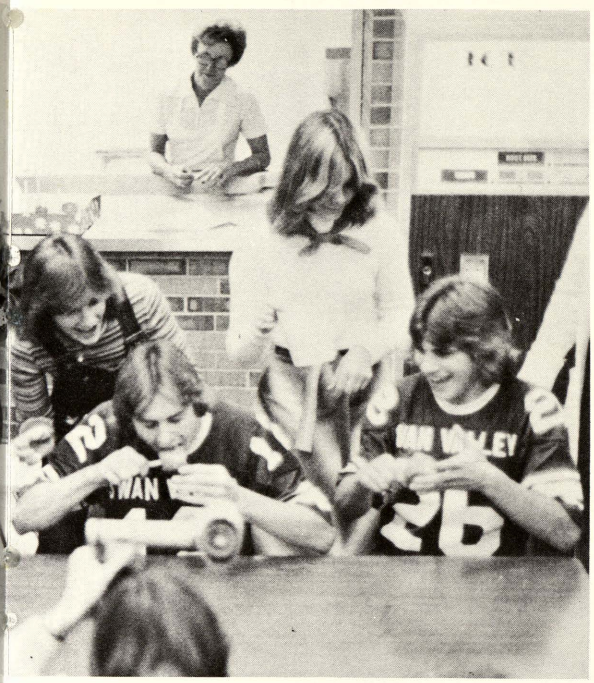
The one person who will hold the fondest memories of Homecoming 1977 will be Paige Cook. Paige received the honor of being named Homecoming Queen of 1977-78. The honor was one which was greatly deserved, as Paige is one of the most active people in the school. Not only is Paige active, but she is also a perfect example of Swan Valley at its best.

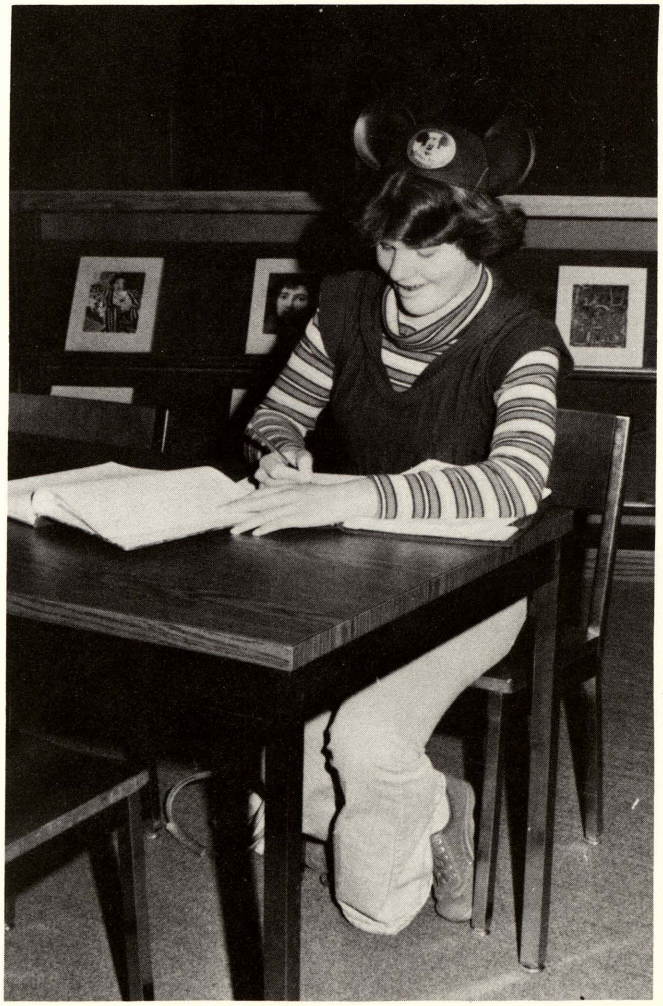
When recalling all the "yesterdays" of high school, Homecoming 1977-78 will remain a pleasant memory for all involved.



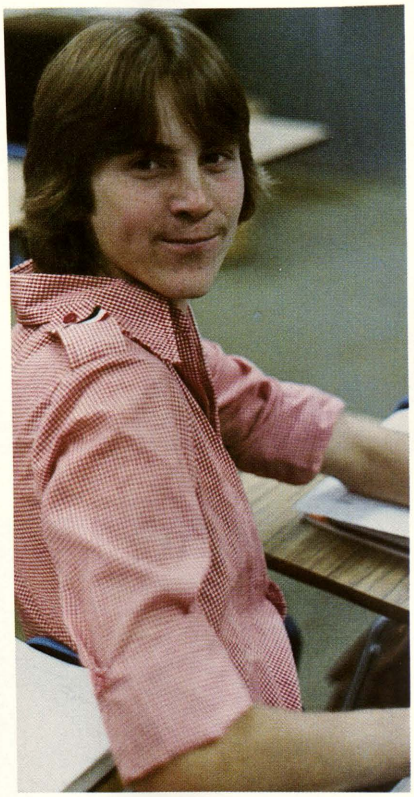
Homecoming is recalled not only by those who are directly involved as football players, homecoming court and queen, but also by the many other students, faculty, and community members without whose aid, the homecoming festivities would not be possible. The many hours of practice put in by the band, pom-poms, majorettes, and cheerleaders are well worth mentioning. There were many people "behind the scene" who made homecoming week a great success. With so much enthusiasm surrounding it, how could Homecoming 1977 be anything less than a beautiful memory.







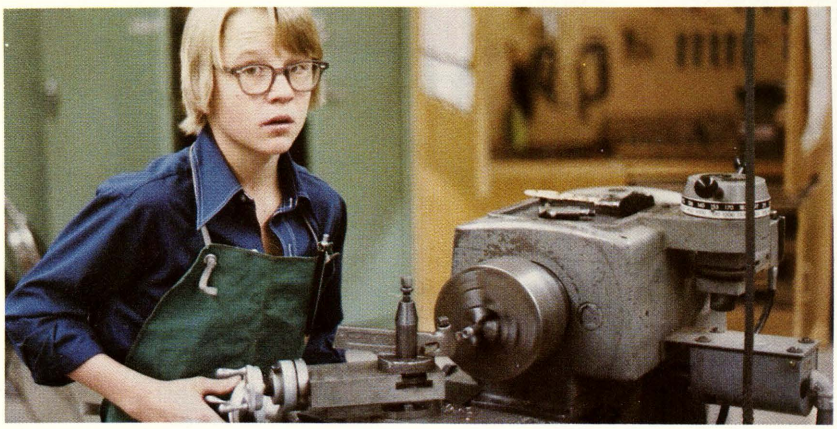
Swan Valley Is People

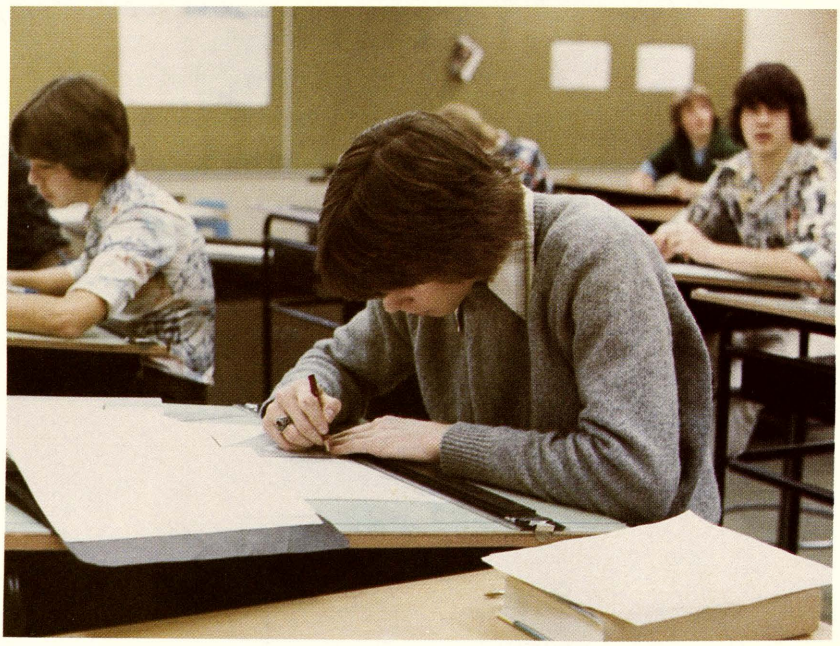


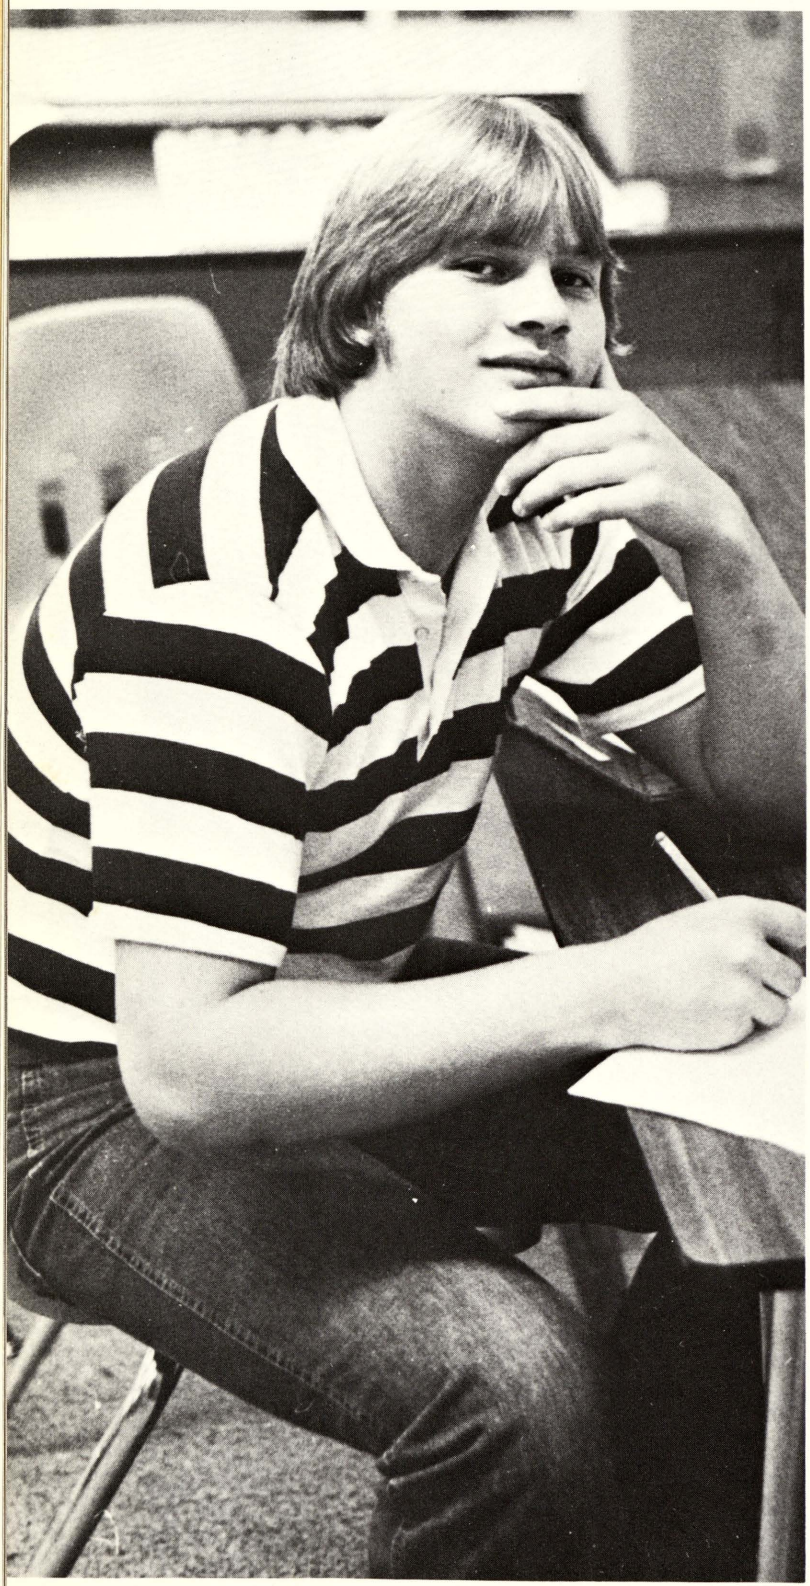
According to the dictionary a school is "a place where instruction is given." Basically, this is true, but an important part of the definition is missing. School at Swan Valley is more than just being in a building, it is the people in the building who make it a real school.

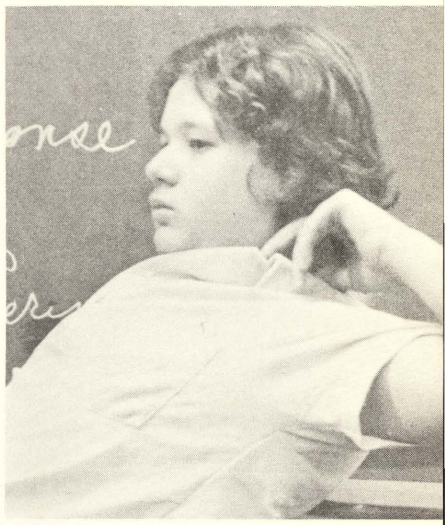
"People" doesn't mean just the students, but also the teachers, secretaries, counselors, administrative staff, library workers, student teachers, and custodians.

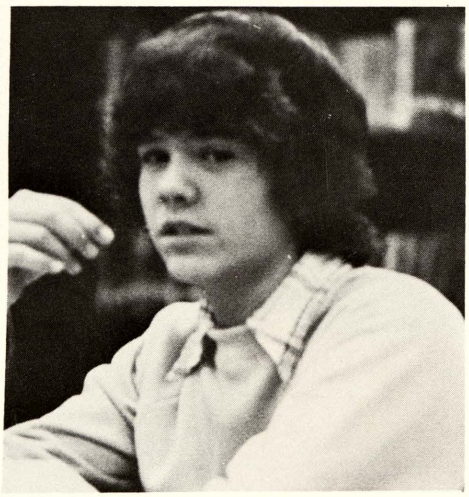
With so many individuals, the likes, dislikes, opinions, and values are varied, yet all are united because each is an important part of Swan Valley as a whole.

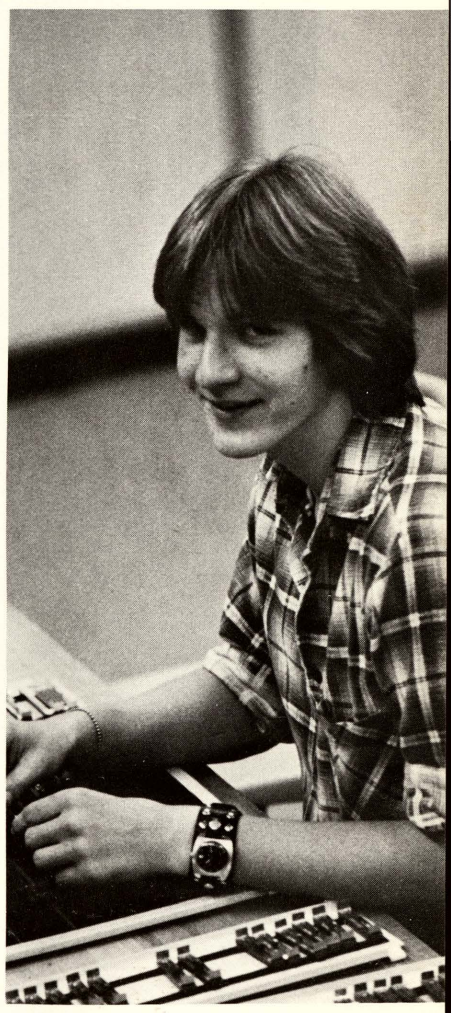












Remember When . . .

As school life is considered to be a regular routine, you would think that it could quickly become boring, but there is always something happening at Swan Valley.

The variety of classes is amazing with subjects ranging from Physics to Building Trades.

In addition to regular schoolwork, students participate in outside activities such as athletics, band, drama, cheerleading, pom poms, and majorettes.

With all the activities going on, it's easy to see why Swan Valley students are always on the move.

Jeanette Cruz R, 17, is from Quito, Ecuador. She is living with the Garner family and will be staying until July.

Jeanette likes to write, read, listen to music, and draw houses. She plans to become an architect.

From Quito, Ecuador, comes Cecilia Jarmillo who is living with the Ecker family. She is 18 and wants to be an engineer. She likes to read, listen to music, dance, watch television, and meet people.

She likes living in the United States and enjoys learning new customs. The school Cecilia went to in Ecuador was a private girls school in which each class was in the same room and the teachers switched classrooms. She has already graduated from school in her native country, but plans on continuing her studies when she returns so as to become an engineer.

EXCHANGE STUDENTS

Ronald Tecson is an exchange student from the Phillipines. In his homeland he has one brother and two sisters. During his stay with us he is living with the Simmet family.

In the Phillipines, Ron went to an exclusive boys school. He came to the United States to learn more about the American culture and experience the American way of life. He says we have a nice school, but we don't have enough vacations and holidays.

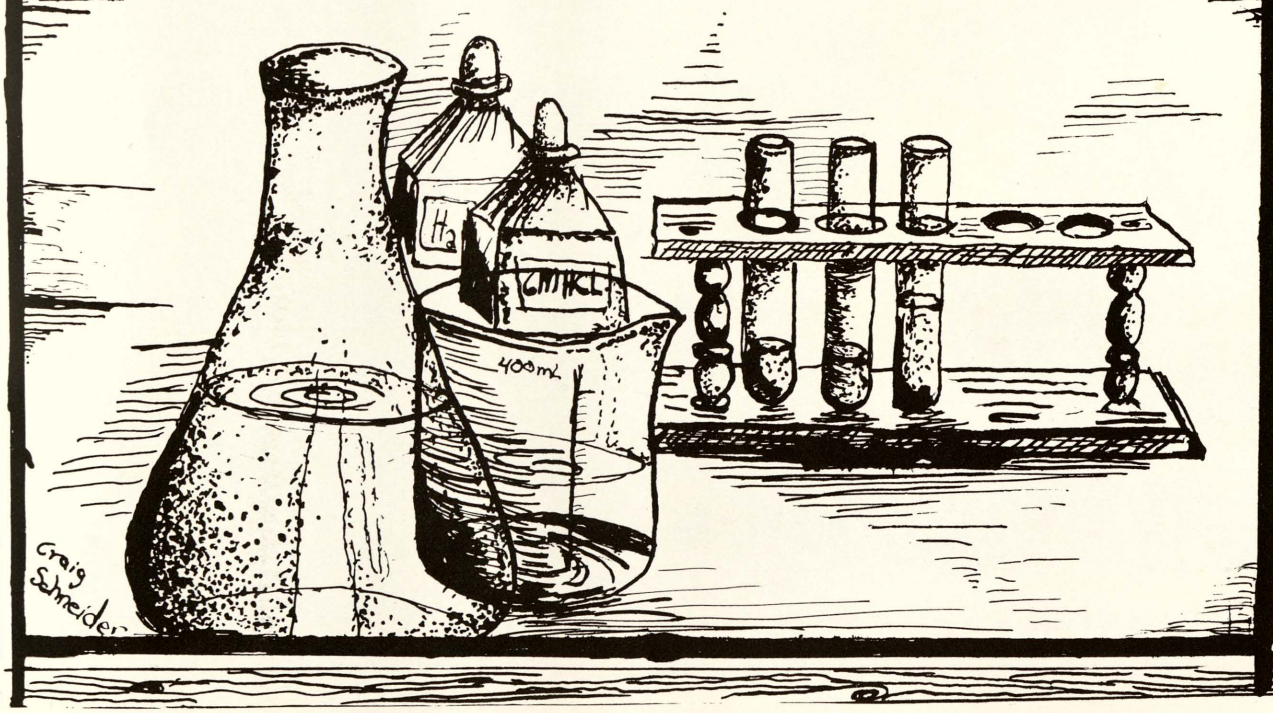
Ron enjoys playing a guitar and listening to music.

Rolando Luzuriago is a 17 year old from Ecuador. He came to the United States to learn about Americans, and will be with us for the entire school year.

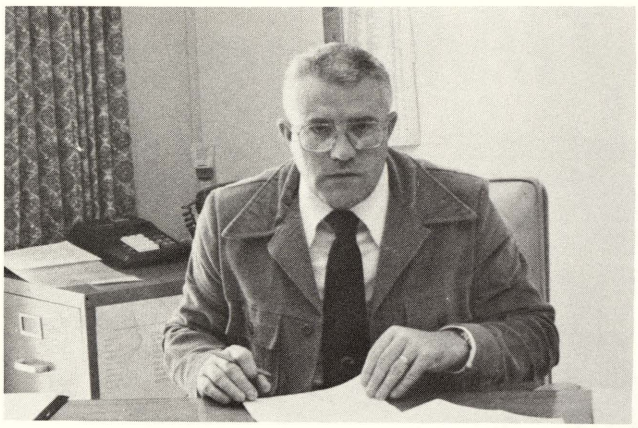
In Ecuador, Rolando went to a smaller school than Swan Valley. He thinks Swan Valley is a good school and enjoys being here.

Rolando likes to go bowling and hunting.

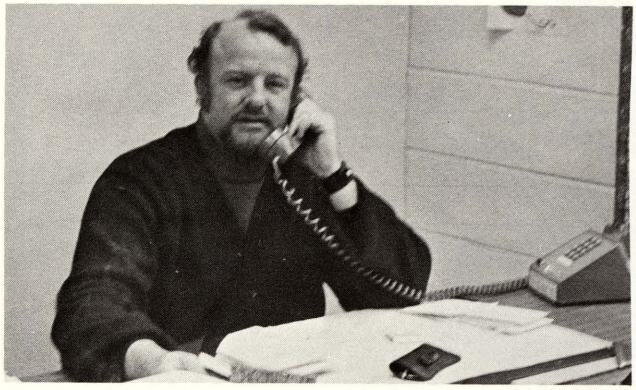
CLASS TIME



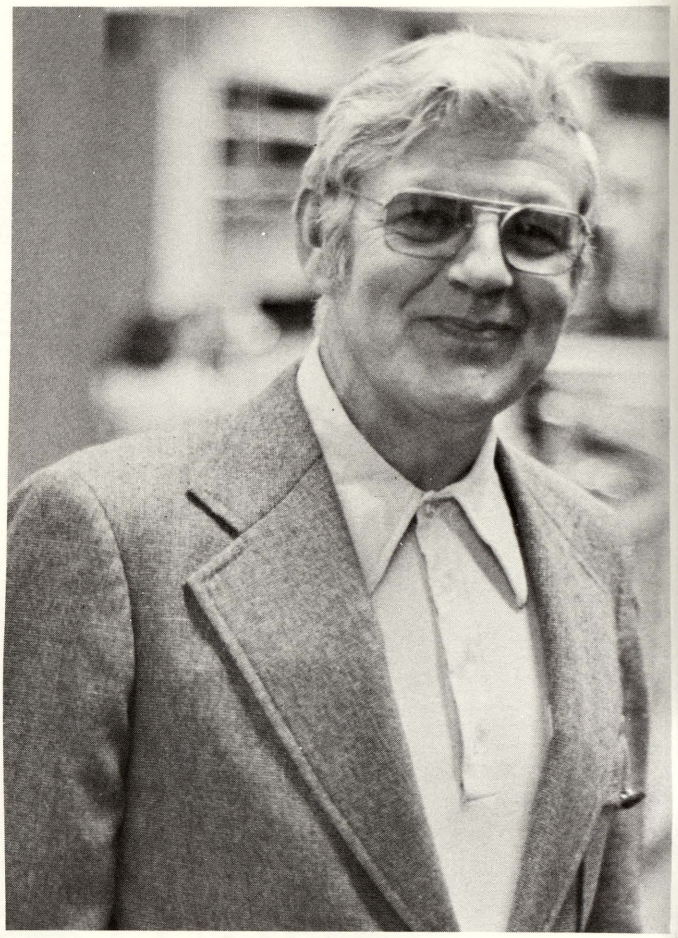
Administration Provides Leadership



Mr. Marvin Johnson
Assistant Superintendent



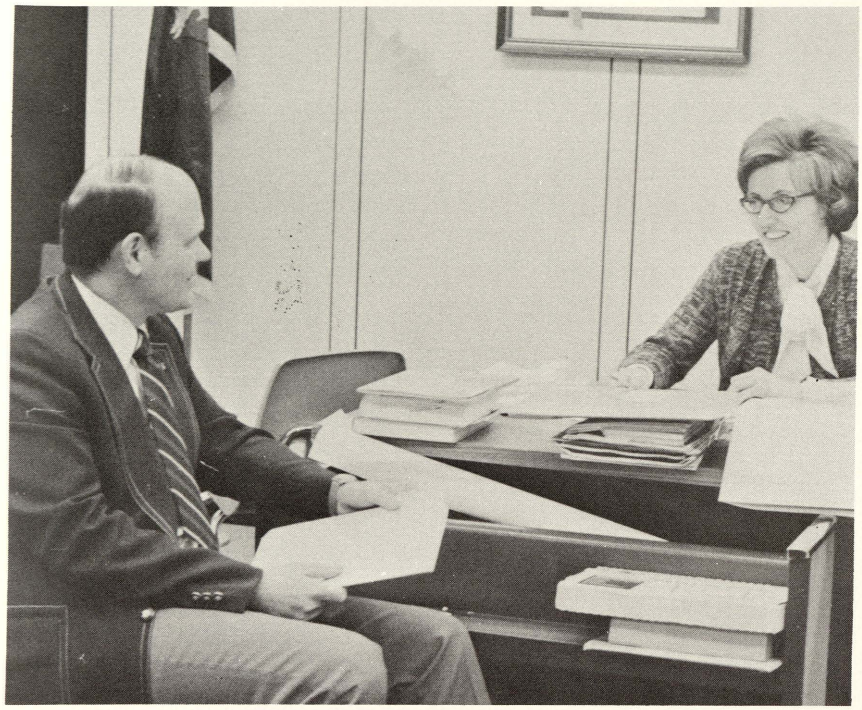
Mr. Gary Silvernail
Curriculum Director



Mr. Alvin Thom
Superintendent

We find Mrs. Graham, Mrs. Young, and Mrs. Steffen hard at work in the Administration Building.

For Students At Swan Valley



Mr. Cuthbertson, principal, and Miss Ederer, assistant principal, combine their efforts and work overtime to get things organized.

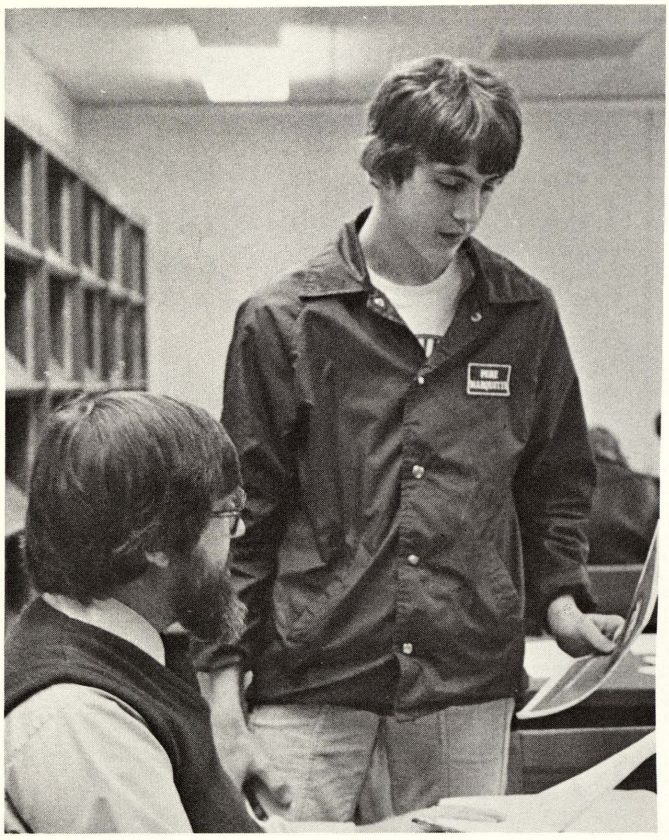
The administration of Swan Valley strives to provide understanding and dynamic leadership. Headed by Mr. Alvin Thom, superintendent, the administration aims at fulfilling the highest goals of education.

The overall efforts of the administration are coordinated by Mr. John Cuthbertson, principal. One of the most important jobs of the Principal is to "provide a learning atmosphere which is conducive to developing useful, productive citizens and happy successful individuals." Together with Miss Ruth Ederer, assistant principal, they work with staff, students and parents to organize and coordinate all activities and events of the school.

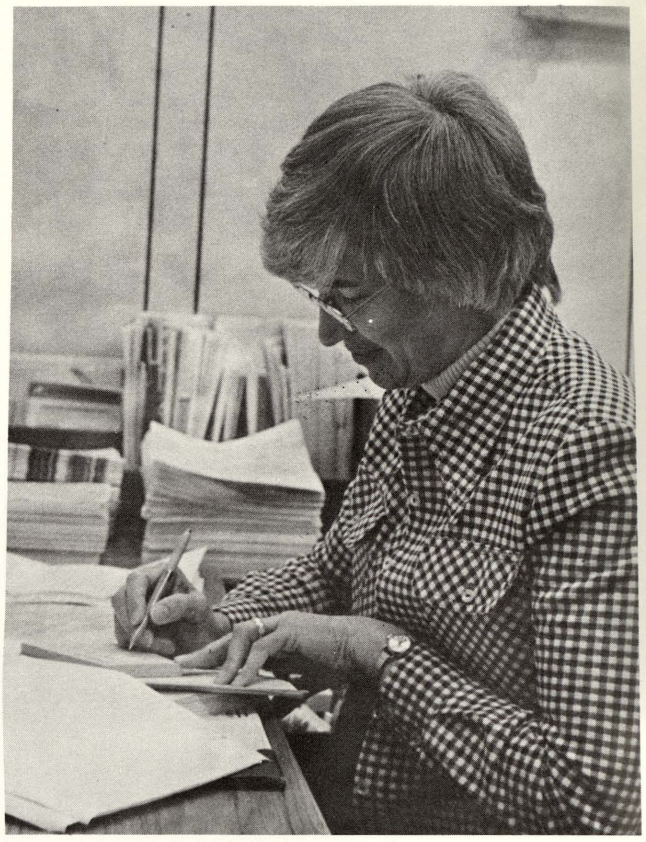
Mike Humphrey, athletic director, makes the morning announcements.

An efficient school office is the result of Mrs. Whaley and Mrs. Hausbeck's hours of hard work.

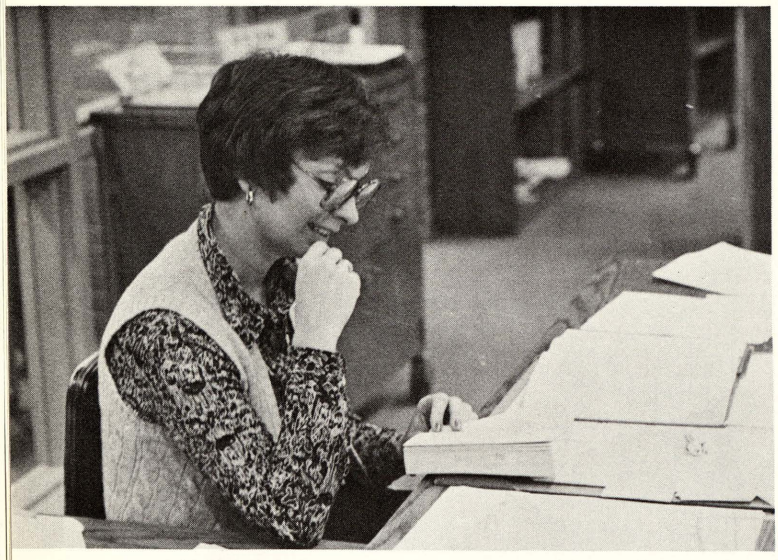
Always There When We Need Them



Helping a student select the subject that is best suited for his needs is Mr. Howard.



Miss Gibfried has a big job to fill being counselor to 850 students.



Mrs. Rulapaugh performs one of her many duties in the library.

Being librarian is not an easy job, but Mr. Buller enjoys his work and does it with ease.

Instructional Learning Center

Mrs. Dill and Jerry H mpert, working together to solve a problem.

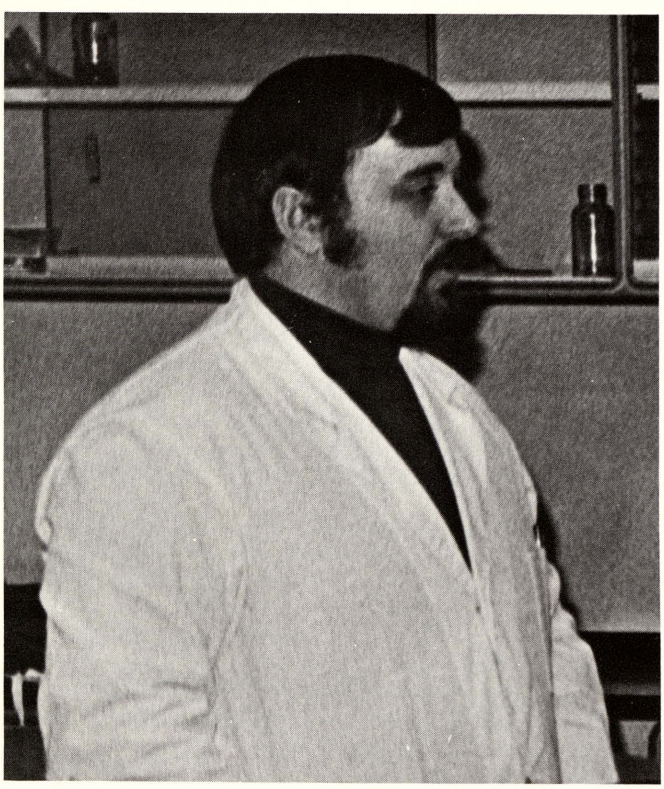
The Instructional Learning Center (ILC) in this school system offers courses in math, career education, vocational preparation, earth and life sciences, geography, history, government, reading skills, and english. The math courses cover the development of skills from addition to the use of the metric system, figuring budgets, personal income tax, and financial management. Career education and vocational preparation offers the student a way of finding out his interests, discovering methods for obtaining jobs, and giving the individual a work-related experience. The Earth Sciences discuss ecology and the composition of the Earth, while Life Science conducts a basic study of living things.

The geography, history, and government courses provide the student with a knowledge of different people and their customs, the persons and events that shaped our country, and the history of our American government. Also included is a study of the rights and responsibilities of a citizen. Reading skills cover vocabulary building and techniques for decoding difficult words. The English courses are designed to help the individual learn mature approaches to solving problems through communications, and to teach the correct way to write business letters. Also taught are the filing techniques for record keeping.

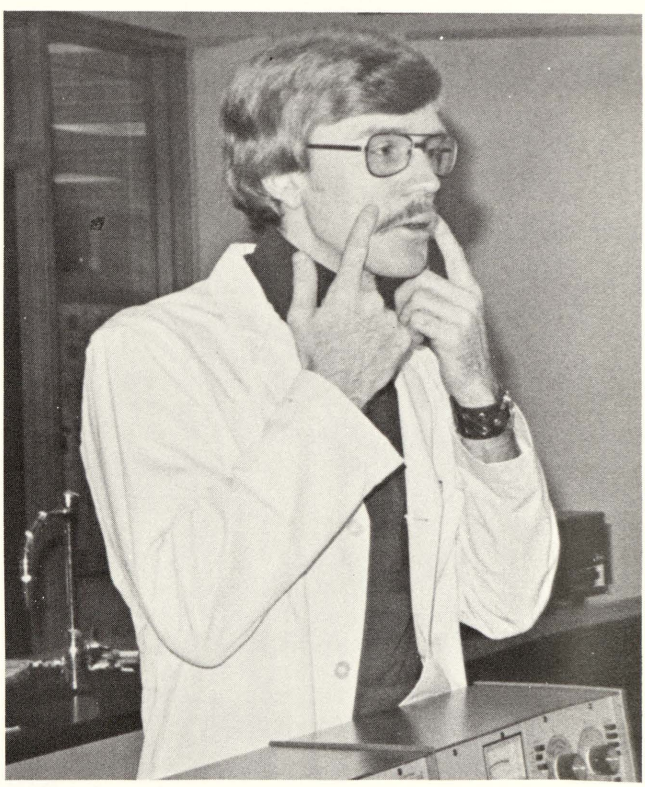
Randy Napora asks Mrs. Dill for assistance.

Science Classes Arouse

Mr. Hyduke to the rescue with a scientific answer.



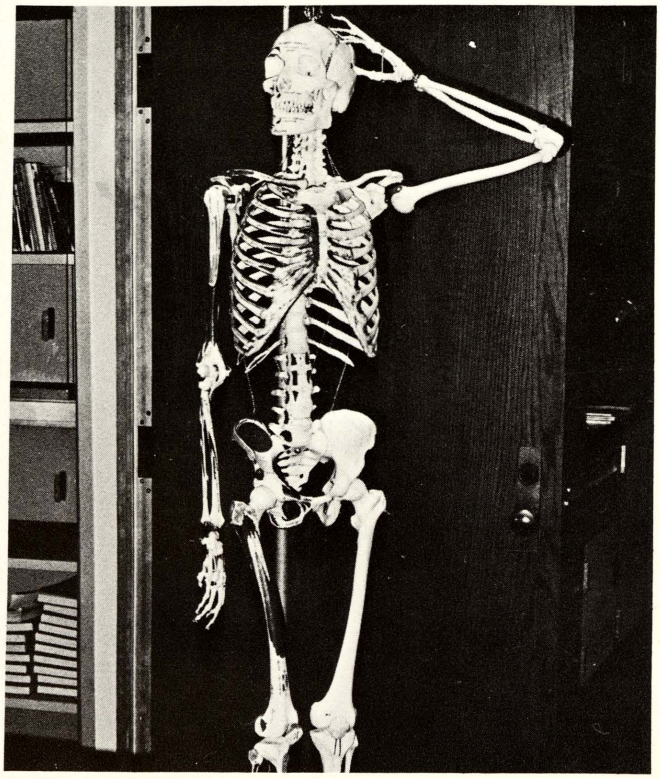
Mr. Schrems, a mad chemist? Well . . .



Mr. Belcher is explaining an electronic problem!

Curiousity Of The Unknown

Mr. Klemko really enjoys spying on paramecium.



Your average high school teacher. At the stroke of midnight.

Rhonda Fick and her microscope, friends never parted.

FORMULATE HYPOTHESIS: The Swan Valley Science Department covers a wide variety of science from the tiniest atom to the largest unknown.

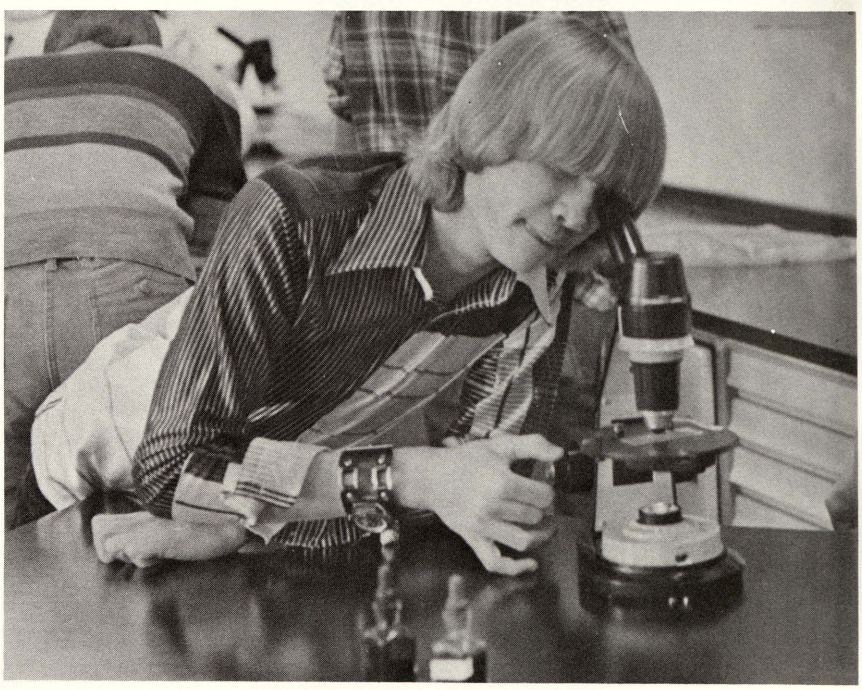
EXPERIMENT TO TEST PROBLEM: To take a test tube the size of Swan Valley and put in three drops of Mrs. Nassif, teaching Chemistry, Biology I, and Biology II. Then add to this a single, but important, drop of Mr. Klemko's Biology I, four drops of Mr. Belcher, with Physics, Chemistry, Electronics, and Astronomy, and sitr. After this gently blend in three drops of Mr. Hyduke, consisting of Ecology, Geology, and Weather. Last, but far from least, is the three drops of Mr. Schrems teaching Physical Science, Human Anatomy, and Ecology/Life. When thoroughly mixed, the above ingredients create . . .

OBSERVE RESULTS: Satisfied individuals who graduate more intelligent and more interested in their own particular drop of science.

DRAW CONCLUSION: By the results of the above experiement, it is proven that the Swan Valley Science Department does indeed cover a variety of sciences from the tiniest atom to the largest unknown.

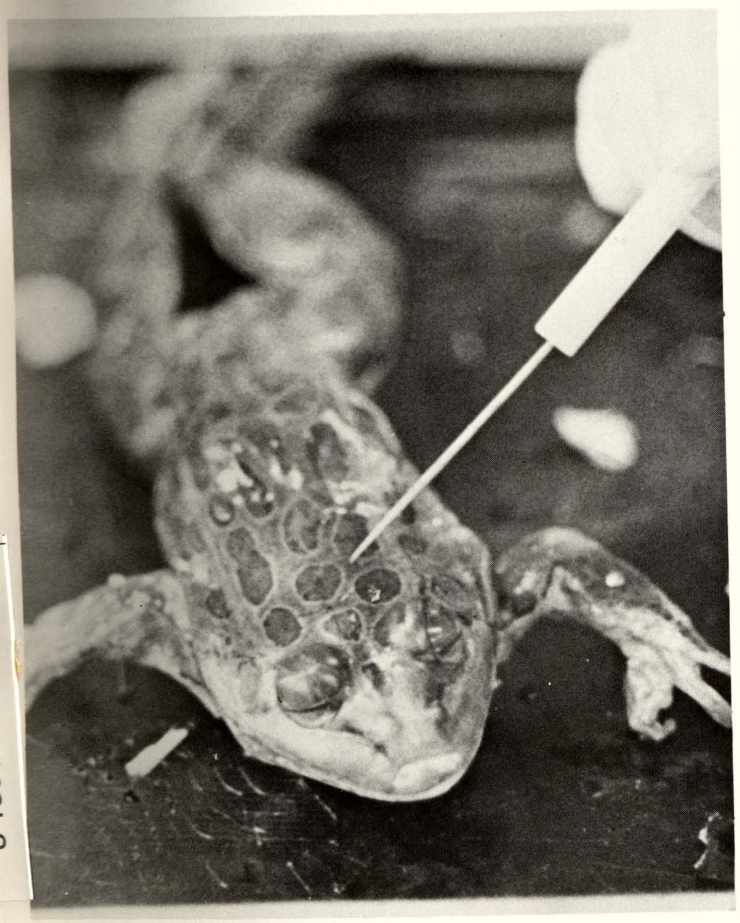
Mrs. Nassif carefully explains the process of dissection.

An important aspect of science is observation. Many times you can bring an object into the classroom, put it under a microscope, and observe it. This becomes difficult, however, when the object of your observation happens to be a 3,000 pound elephant. In cases like that, it is easier to go to the elephant than to bring him to you. This is exactly what Mr. Hyduke, Mrs. Burnside, and 43 students did. They took a day off from school and went to the Detroit Zoo for some field observation. Everyone involved agreed that the information gathered was well worth the sacrifice of leaving school for the day.

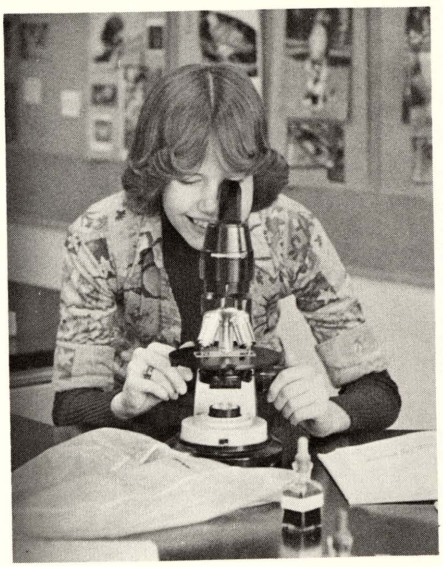


One avid observer of scientific phenomenon is Scott Ross.

Zoology specimen intriques Matt Johnson.



Are you sure this acupuncture is going to get rid of my headache?



Carol Lewandowski finds something down there amusing.

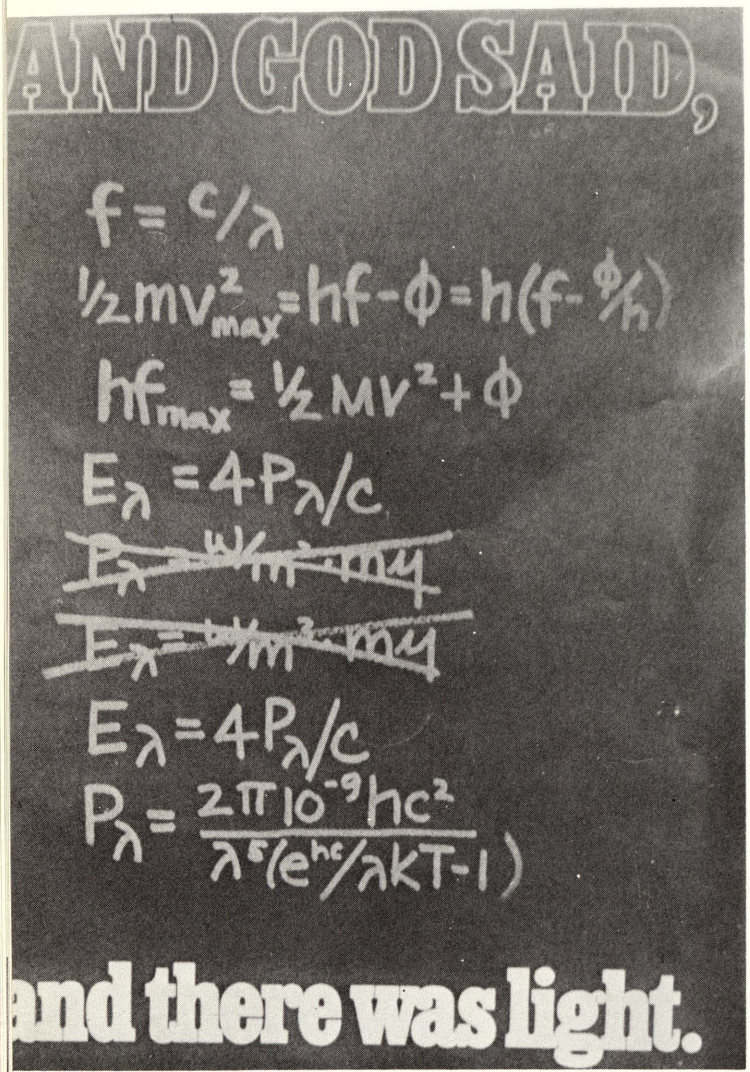
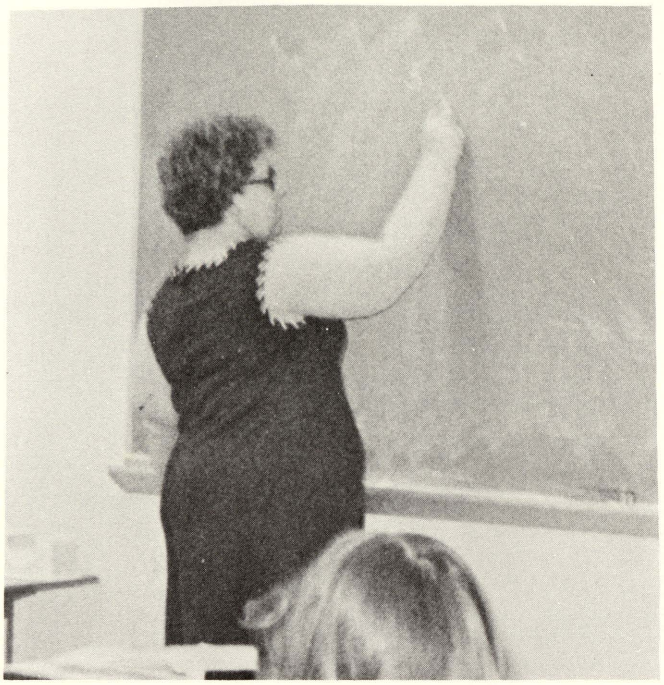
Math Magic



Are you lost in logarithms, confused about congruence or dizzy from the distributive law? If so, welcome to the wonderful world of Mathematics! A world full of excitement, challenges, and mysterious signs and symbols. Every student has journeyed into this land. For many, this journey has been fun and rewarding. The rulers of Swan Valley math land are: Mrs. Yvonne Bell, Mr. Tim Cichowski, Mrs. Pat Hensler, and Mr. Jim Rossio. They provide intrigue with a range of math subjects covering Algebra, Geometry, Trigonometry, and Pre-Calculus.

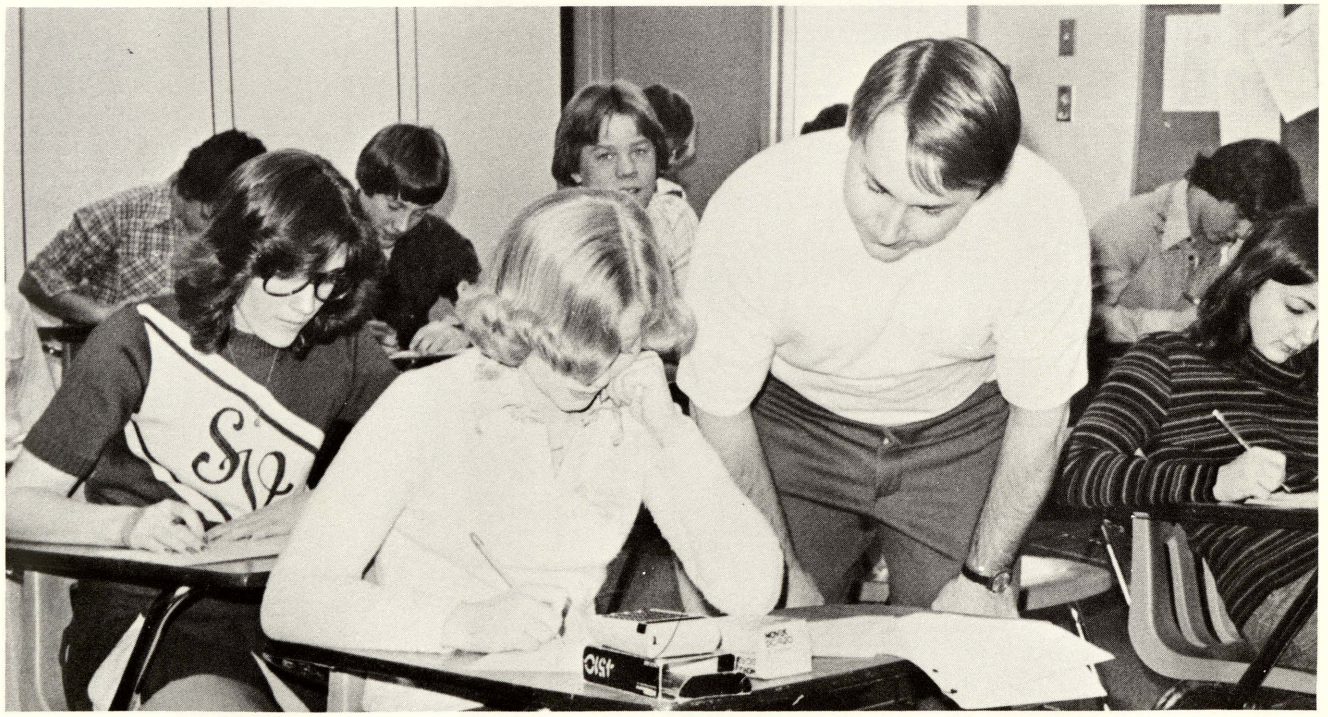
Mr. Rossio, at ease in the Math Department.

Mrs. Bell frequently checks into her students' progress.



Mrs. Hensler often uses the chalk board to bring across an idea.

Mrs. Bell, in deep thought.



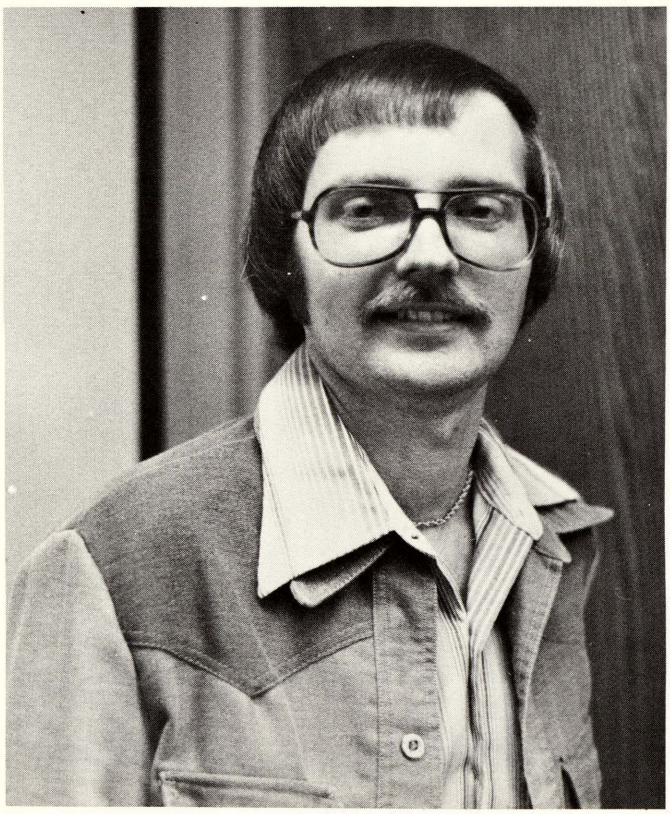
Mr. Cichowski comes to the aid of Julie Brady, who is struggling with a difficult problem.

People Learning About Other People

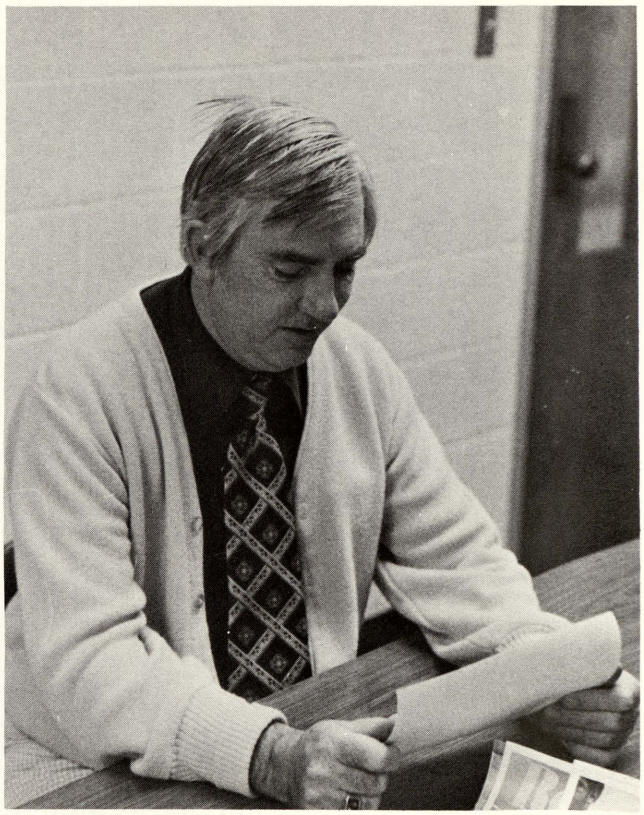
The students of Swan Valley are people who need and want to learn about the people who came before them, as well as their contemporaries. This realization will enable them to better know themselves as they prepare to make their contribution to society.

World History students, under the guidance of Mrs. Pat Crampton, are made aware of the principal cultures existing in the world today. In U.S. History, Mr. Tesauro aims to have students know and appreciate their heritage. The job of preparing students to be loyal, knowledgeable, citizens falls to Mr. Wartenburg. Social studies is part of the over-all effort to ready students for life in our society.

Another thrilling film in Mr. Hamling's class.



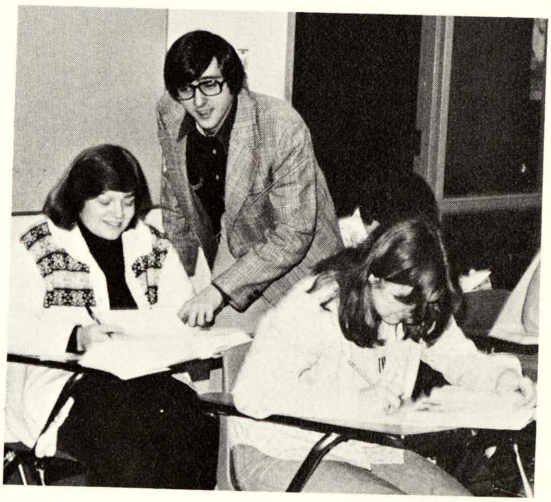
Mr. Majeske poses for the camera.



"Are you sure that picture should go in the yearbook?"

Swan Valley was honored this year with a visit by Dr. Mudd, grandson of the Dr. Mudd who set the leg of President Lincoln's assasin, John Wilkes Booth. Dr. Mudd is currently trying to clear his grandfather's name.

Mrs. Crampton amuses a classful of seniors.



Mr. Tesauro helps Jacqui Loomans with an assignment.

Students Find Expression In Literature

Once upon a time there was a mighty kingdom called the English Department. This kingdom was ruled by 5 monarchs. Each monarch was capable of ruling the entire kingdom by himself, but they had decided that if each ruled only a small portion, in which he was most interested, then the kingdom would be stronger.

The first monarch was Mrs. Stearns. She ruled over Basic English and American Literature.

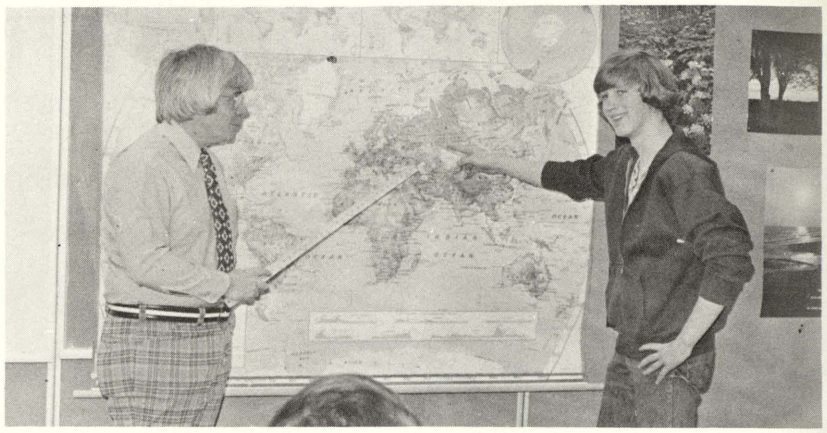
Mrs. Burnside works with her loyal subjects on Composition, individualized Reading, and American Lit. Although she seems to enjoy all her classes, it seems as though her major interest lies in American Lit. Here she, indeed, is sovereign.

King Surian rules over Basic and Academic English. Basic English touches on the basic areas of English needed at a ninth-grade level. Academic English is geared towards the needs of the average and college-bound student.

Patron of Vocational English is Mr. Hoewe. In addition, Mr. Hoewe teaches Science Fiction, Mass Media, Myths, and Newspaper Reading.

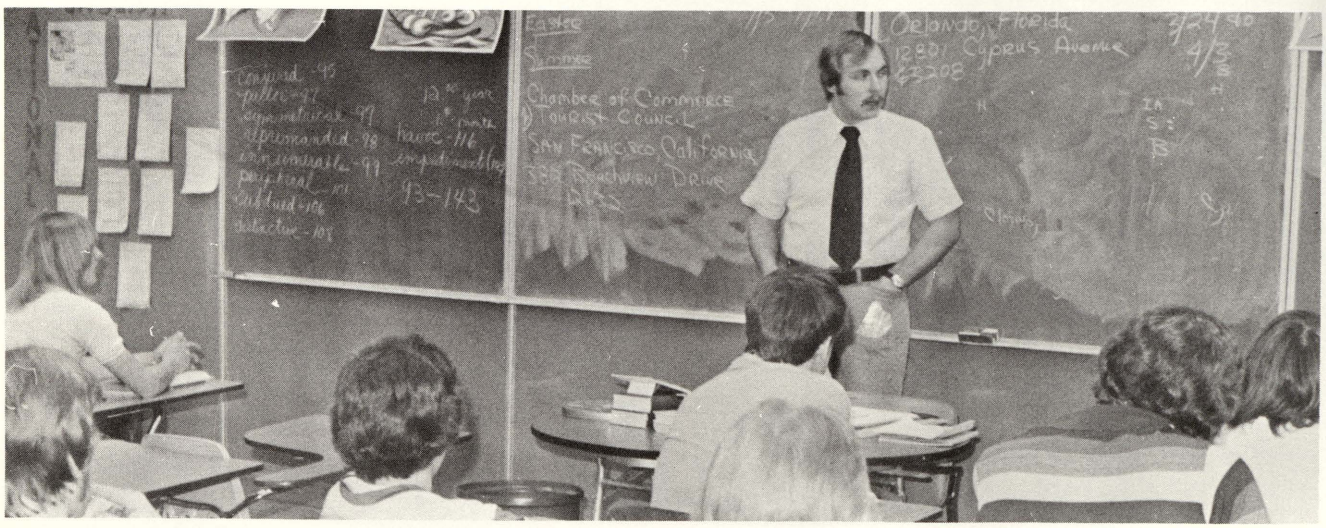
To round off the kingdom, Mr. Leavenworth supplies his subjects with a variety of classes. They include Myths, Short Stories, Composition, Poetry, Grammar, and Newspaper Reading.

These then, are the devoted Monarchs of the Swan Valley English Department.

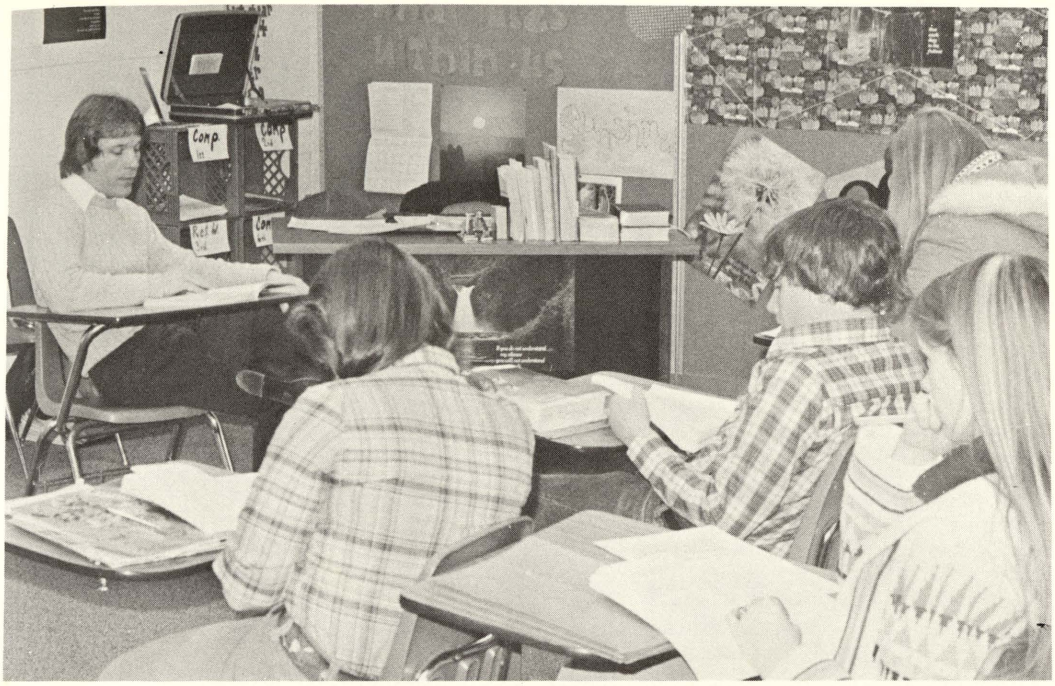


No, I don't go fishing there!

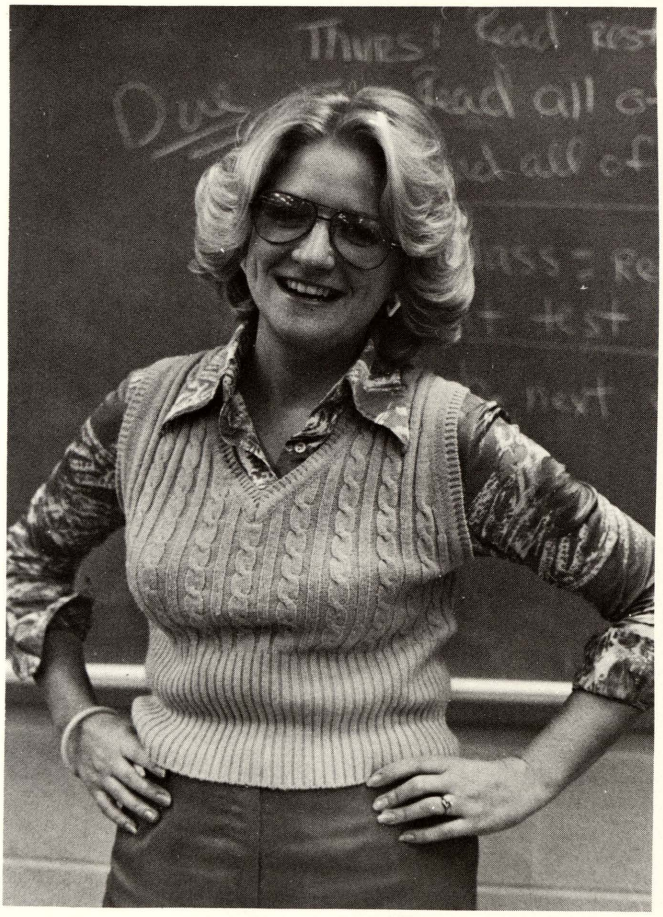
Mr. Leavenworth, at the board.



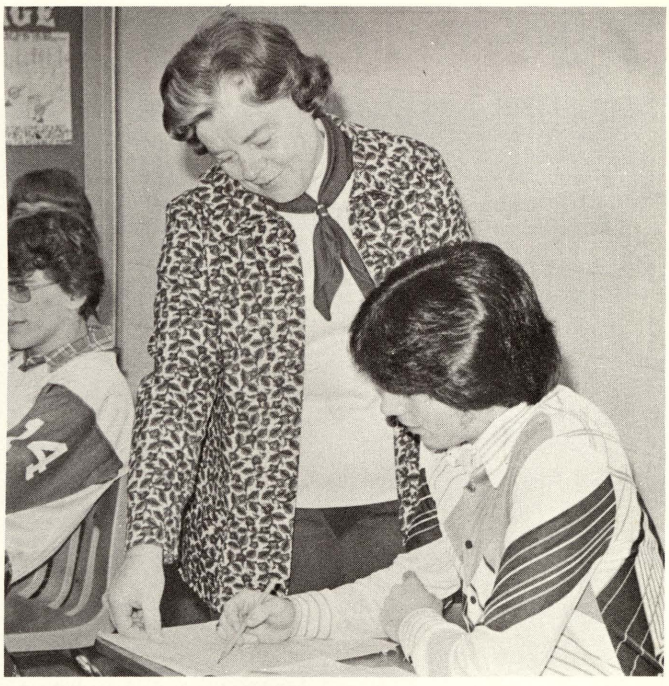
Mr. Hoewe and class during a discussion.



Mr. Kralosky's class is totally absorbed in their work.



What's going on, Mrs. Burnside?



Mrs. Stearns helps Bob Eckerman with his work.

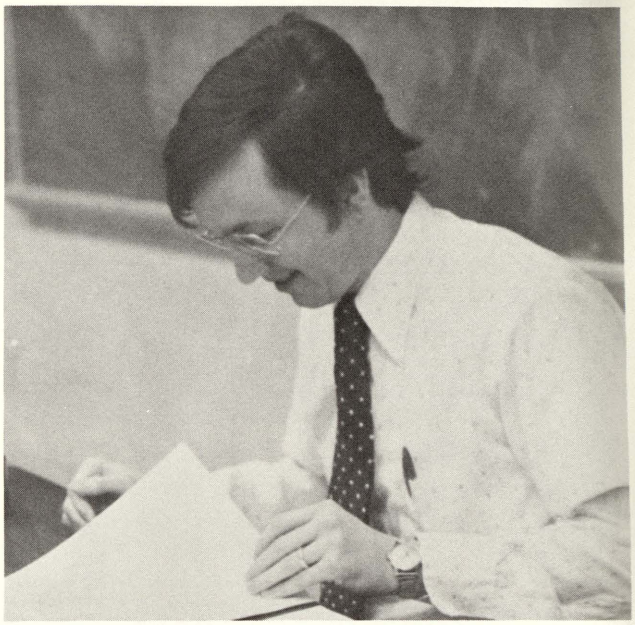
Business As Usual

The Business Department at Swan Valley is very amply taught and staffed.

Subjects include Typing I & II, Shorthand, Business Math, Bookkeeping, Business Introduction, and Steno-Secretarial Training.

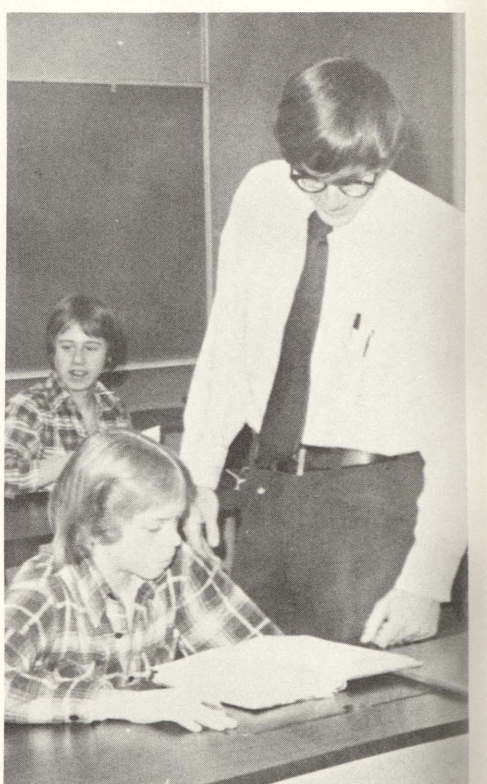
The teachers in the Business Department are: Mrs. Butcher (Steno-Secretarial), Mr. Adams (Typing I & Business Introduction), Mr. Nassif (Typing I & II, Shorthand), and Mr. Slade (Typing I and Bookkeeping). Mr. Slade is also the director of the Co-op Program.

Any student who leaves SV having taken most or all of the business courses available is perfectly capable of getting a job in which the skills gained are used. This fact alone shows the worthiness of these teachers, for any business department which can send capable students to fill job openings has indeed succeeded in its purpose.



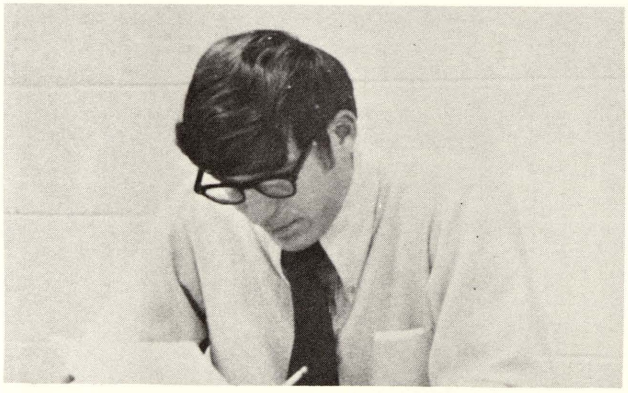
Mrs. Butcher is caught at work.

Mr. Slade makes a few corrections.

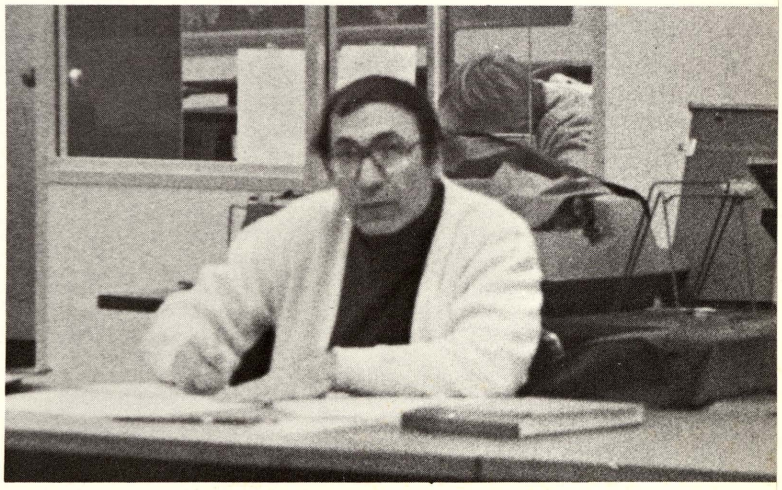


Mr. Adams looks over a student's shoulder.

Typing is one skill that can be acquired in the Business Department.

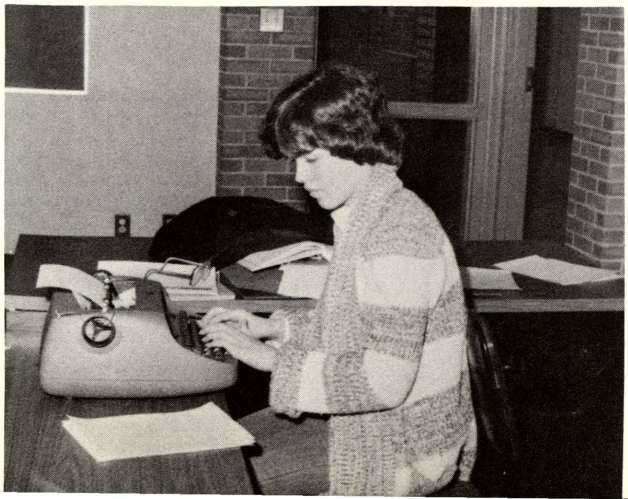


Mr. Adams works at his desk.

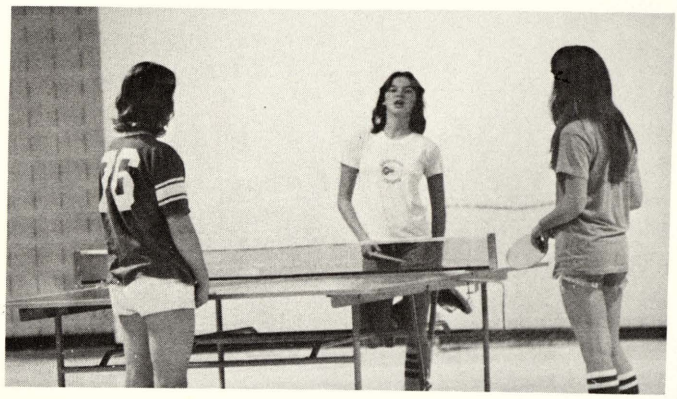


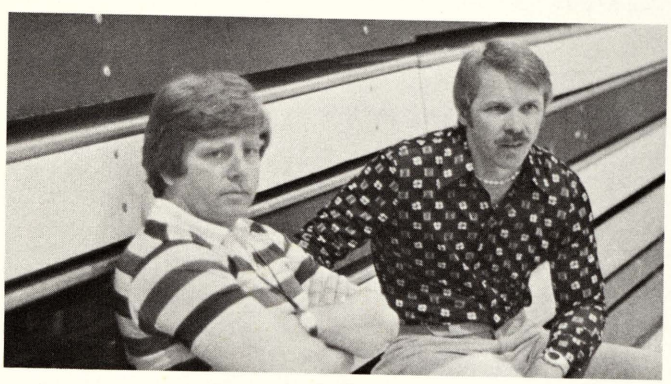
"Did you want to see me?", questions Mr. Nassif.

Eyes on your paper, Janet.



Time For Physical Fitness





Physical education at Swan Valley does not just mean perspiration and calisthentics.

Many enjoyable team sports such as football, field hockey, basketball, softball, and volleyball are enjoyed by class participants.

The purpose of these activities is to enhance student interest and get all students involved. This is done through the efforts of Mrs. Schell, Mrs. Koppenhofer, Mr. Kutsch, and Mr. Koons.

Health Classes Beneficial To Students

Health classes under the direction of Mr. Kennelly cover a variety of topics such as drugs, personal health, first aid, physical fitness and nutrition. The knowledge gained in these classes is beneficial all through life.

"That splint isn't tight enough".

Jay Dusek practices setting a splint on Lori Koppenhofer.

"Not too tight!"

Students Abilities And Interes

Swan Valley students enrolled in classes in the Industrial Education Department are able to take a variety of classes including Wood Technology, Small Engines, Bench Metals, Metal Technology, Mechanical, Engineering, and Architectural Drawing. Concentrated in-depth instruction is given in the Nursing Aide-Health Service program, also Welding and Cutting and Building Trades. Upon completion of these classes, students should be better prepared to compete in the Labor Market.

Band

Members of the band are: ROW 1 (L-R): Pam Hirschenberger, Lori Matzke, Melinda Matzke, Sue Hooper, Christy Hak, ROW 2: Becky Rusmisel, Kim Prud'homme, Mark Grasso, Sue Schuster, Phyllis Ranke, Barb Ennis, Brenda Krugelki, Laura Wilson, Melody Leavenworth, Annette Yockey. ROW 3: Karen Paquette, Shaun Weidbrach, Cheri Boivin, Wayne Arnold, Lori Lalonde, Nancy Radwahn, Sheri Leahy, Tammy Cooper, Bill Kennedy, Dave Golonska, Mark Tyra, Lori Netzley, Diane Tovey, Jeff Riggs, Robert Barnette. ROW 4: Mike Booth, John Lemer, Shawn Rich, Joe Kelly, Laura Schultz, Kim Seager, Marcia Riser, Rhonda VanEpps, Mike Maturen, Debbie Davis, Gerald Ginderski, Terri Ford, Brian Kennedy, Darren Brown, Kelly Arney. ROW 5: Mr. Michelson, Frank Gilford, Scott Reid, Tim Theisen, Mark Kindy, Denise Tovey, Jenny Ludwick, Richard Tyler.

During the school year of 1978, our high school band participated in many activities. In the month of September they marched at football games. In October, they marched in the Veteran's Day Parade and attended band day at Saginaw Valley State College. November started the basketball games and the inspiring pep band was in attendance. During December the annual Christmas concert was performed.

A new activity has begun within the band this year, the dance band. This has added an experience of rock and jazz for band students.

During the spring the band held a rock-a-thon, a spring concert, and a trip to Cedar Point, where the band performed.

The Viking band finished out the year by playing at the Award's Night and at Graduation. All in all, they had a great year.

We'd Like To Teach The World To Sing

Member of the Swan Valley Choir are (in alphabetical order): Gaelyne Anderson, Shelly Banning, Mary Ann Bayn, Kelly Bell, Ruth Benkert, Caralee Brierley, Tammy Bryce, Joan Carlton, Tina Crampton, Debbie Crampton, Kathy Curry, Laura Dembinski, Julie Duranso, Rhonda Fick, Lynn Griffith, Jamie Heinz, Debbie Jerewski, Janet Johnston, Isabell LaDue, Julie Leaman, Becky Leddy, Cindy Majorski, Robin Martindale, Lorrie McConnel, Debbie Morningstar, Sue Murphy, Cathy Plamp, Stephanie Preslupski, Kelly Prud'homme, Kelly Quinn, Ruth Roberts, Mary Robison, Stephanie Savage, Cindy Stahl, Diane Tappen, Ron Tecson, Ruth Temple, Karen Turner, Kevin Zedaker, Charlene Zieroff.

'All The World's A Stage'

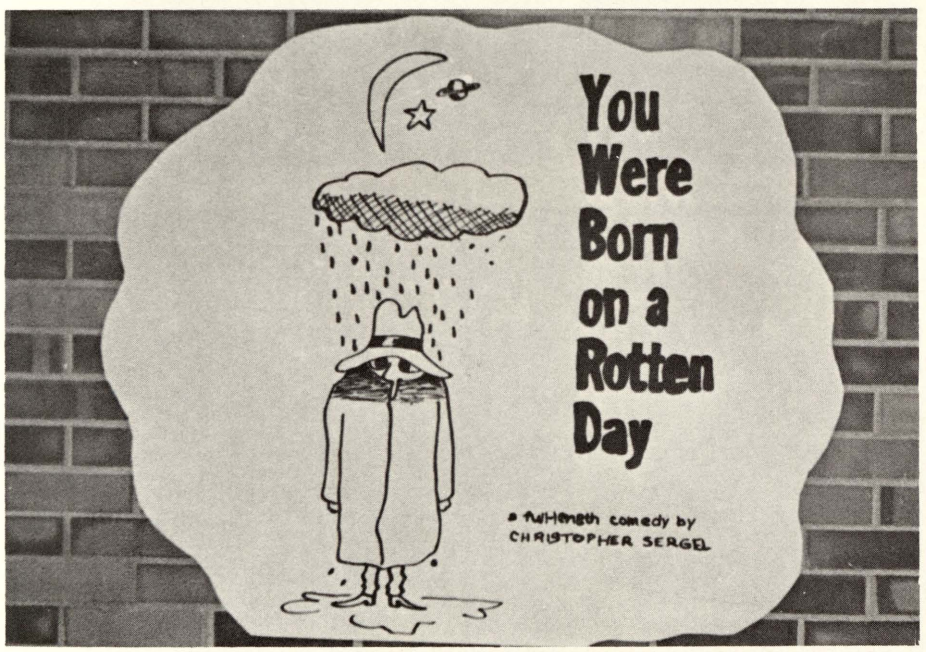
Acting releases the flow of talent in many people.

Glamour doesn't just happen, you have to WORK at it.

A gift for a child at heart.

We're the sea,
we're the sea . . .

The action slows down and the dialogue begins.



The 1977-78 school year proved to be a very active one for the drama classes. They started the year with a trip to Stratford, Ontario, Canada to see Shakespeare's, ''As You Like It,'' in October. In November the class went to Detroit to see the broadway hit ''Shenandoah,'' a musical about the Civil War. Then again in May they went to see the hit musical ''The Whiz,'' a black rock version of ''The Wizard of Oz.'' Also, 24 of the class were lucky enough to spend 10 days in France over Easter--visiting the Opera, The Follies, and The Olympia in Paris.

The year was not all theater travel, however, the greater part of the year was spent preparing and performing their own theater programs. On January 12 the class presented their annual one-act play program--with ''I wish I'd Never Asked Them To Come,'' a comedy about an English girls' school and, ''An Old-Fashioned Soap Opera,'' an old fashioned melodrama with cue cards for audience participation.

On March 8 & 9 the children's theater was presented. This show was done for the elementary students. The ''Happy Scarecrow'' and ''In Search of the Golden Teardrop'' were loved by the little ones, and the class was invited to do the show for the Saginaw Community Village, which delighted the old folks.

They ended the year with a full length play called, ''You Were Born on a Rotten Day,'' a play about a high school astonomy teacher.

Everyone is looking forward to next year and new horizons.

Time For Creativity

The art classes at Swan Valley range from Art Fundamentals, for the beginning student, to Advanced Art for the more experienced student. Between these two extremes are such courses as Art Technology, Art Media, and Art Workshop.

These classes include drawing, painting, sculpting, and other various crafts. Throughout the year, displays of the students' work can be seen throughout the school. These displays may include pencil sketches, tye dye shirts, or portraits.

Very often art students work with other groups, such as the yearbook staff and the drama students, to help enhance their projects. This help is always needed and appreciated.

For the first part of the year, art classes were taught by Mrs. Zimmerman. The latter part was taught by Mrs. Redman.

Several art students are busy working on their projects.

Glory takes a break from her work.

La Clase de Español

One does not have to travel to a Spanish-speaking country to become enriched with their language and culture.

With the daily use of the Spanish language, students are exposed to the life styles and traditions of the Spaniards as well as the Mexicans and South Americans.

Learning a second language is rewarding in many ways, but none can be greater than the realization of the common bond of our world-communication.

". . . and you didn't think I knew what that meant!"

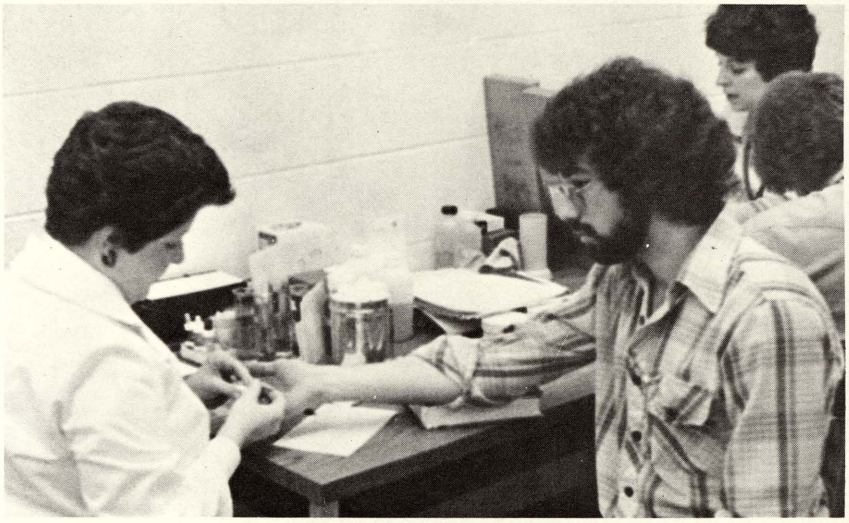
Student Leaders



This year the Student Council was responsible for changing the voting system for choosing the Homecoming Court and Queen.

They also sponsored the Saginaw Valley Blood Drive, in which 53 pints of blood were drawn. The students of the council were responsible for the appearances of the Aeronakas, Up With People, and Campus Life.

The Student Council owns the pop machine which allowed them to donate money to the library for new books and to donate money to help run the summer recreation program.

The pictures on this page depict the Blood Drive, one of their biggest projects.

Much help is needed to support the annual blood drive. Aid is needed in filling out forms, helping the nurses, and, of course, supplying the blood.

Many people, students, faculty, and people from the community, volunteer to give blood. However, not everyone is accepted. Prospective donors are turned down for various reasons, including high or low blood pressure, colds, recent illness, etc.

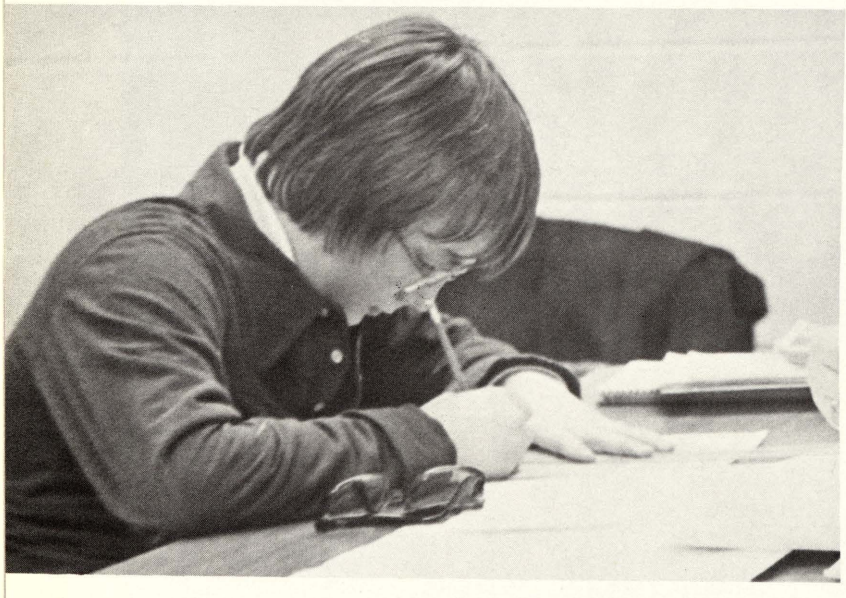
With so many people involved, the blood drive is always an event that those involved can be proud of.

Yearbook Proves Both Challenging And Rewarding

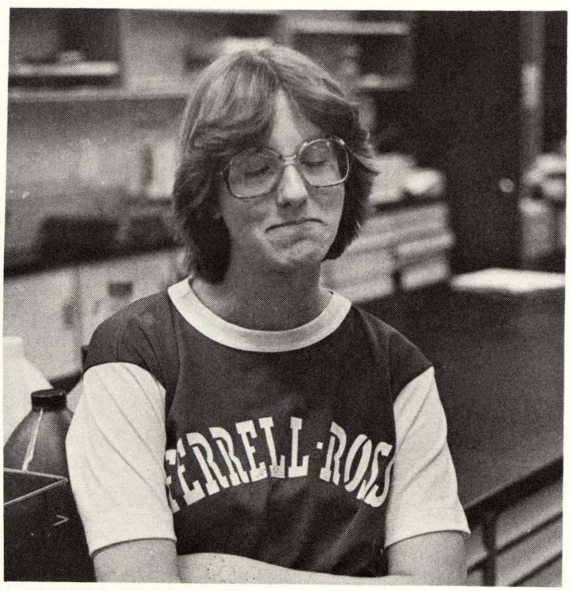
Valhalla '78 began with an idea and was brought to fruition through the efforts of a conscientious and co-operative staff. Hours were spent by Colleen Rowe, editor, Carolyn Berry, Glennda Burch, Anna Darland, Bob Dunn, Mark Grasso, Becky Jerry, Matt Johnson, Sue Hooper, Melody Leavenworth, Jacqui Loomans, Kim Prudhomme, and Craig Schneider, writing, typing, taking pictures, laying out pages, and securing ads. All agree, however, that the time was well spent and worthwhile because in the end one can look back at the special moments of the students of Swan Valley High School.

We caught editor Colleen Rowe at work again. Take a break, Colleen!

Thanks to Anna, copysheets are perfect and deadlines met.



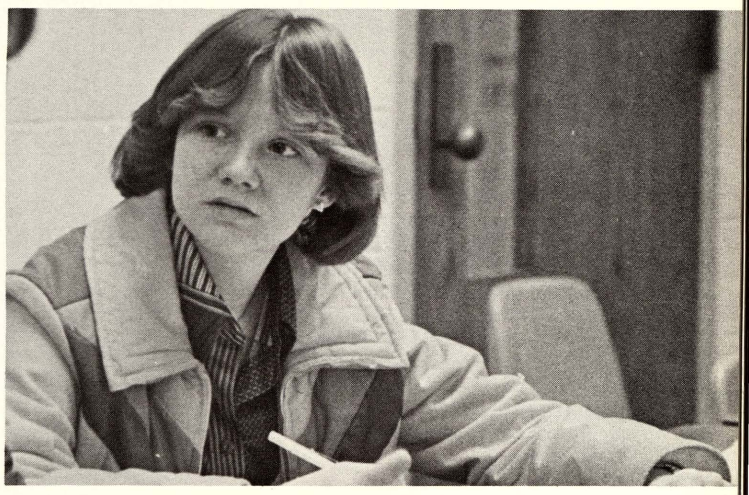
Organizing the yearbook pictures into a pleasing arrangement seldom poses a problem for Mark.



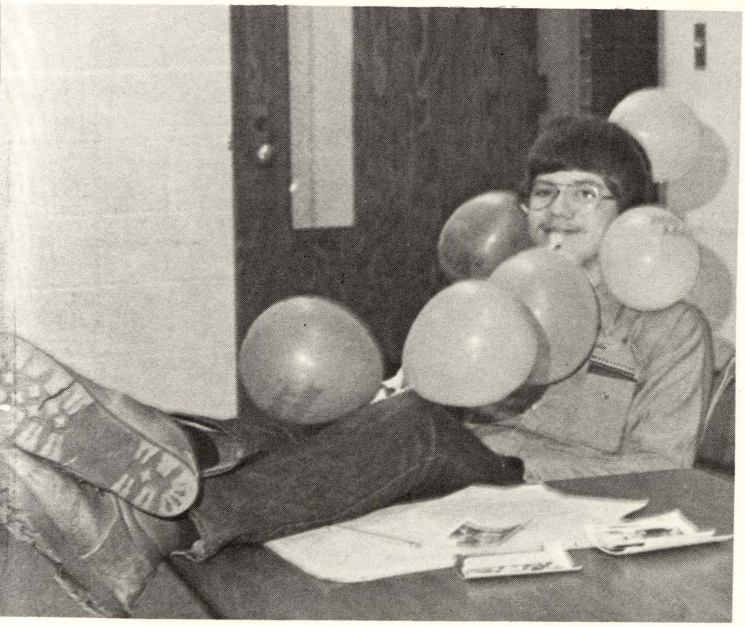
Finally got Carolyn to pose for a picture.

Which picture where? Will it fit, ponders a perplexed Kim?

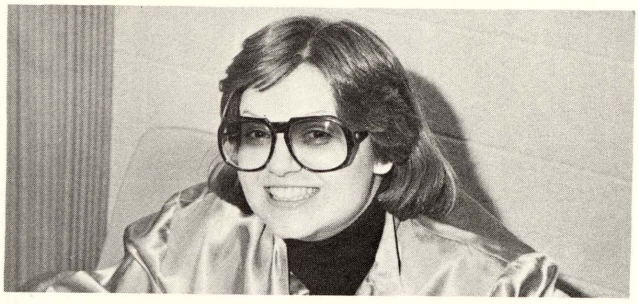
Our handy dandy snapshot expert Melody spends lots of time in the darkroom.



Working out the details and fitting the words into the spaces poses no problem for talented copy writer, Sue Hooper.



Matt relaxes after a hectic day.

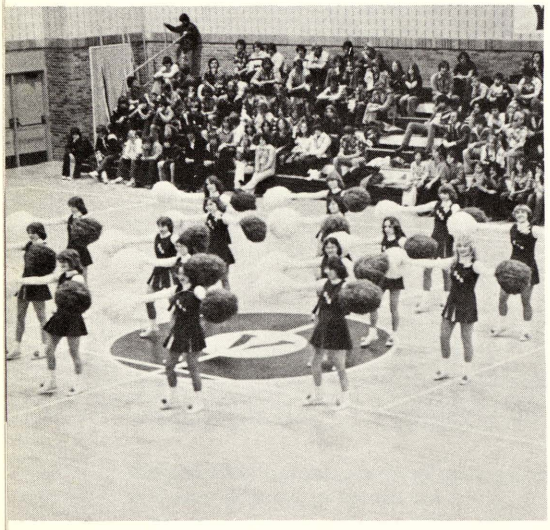


After a long day of drawing layouts, Jacqui still is able to smile.

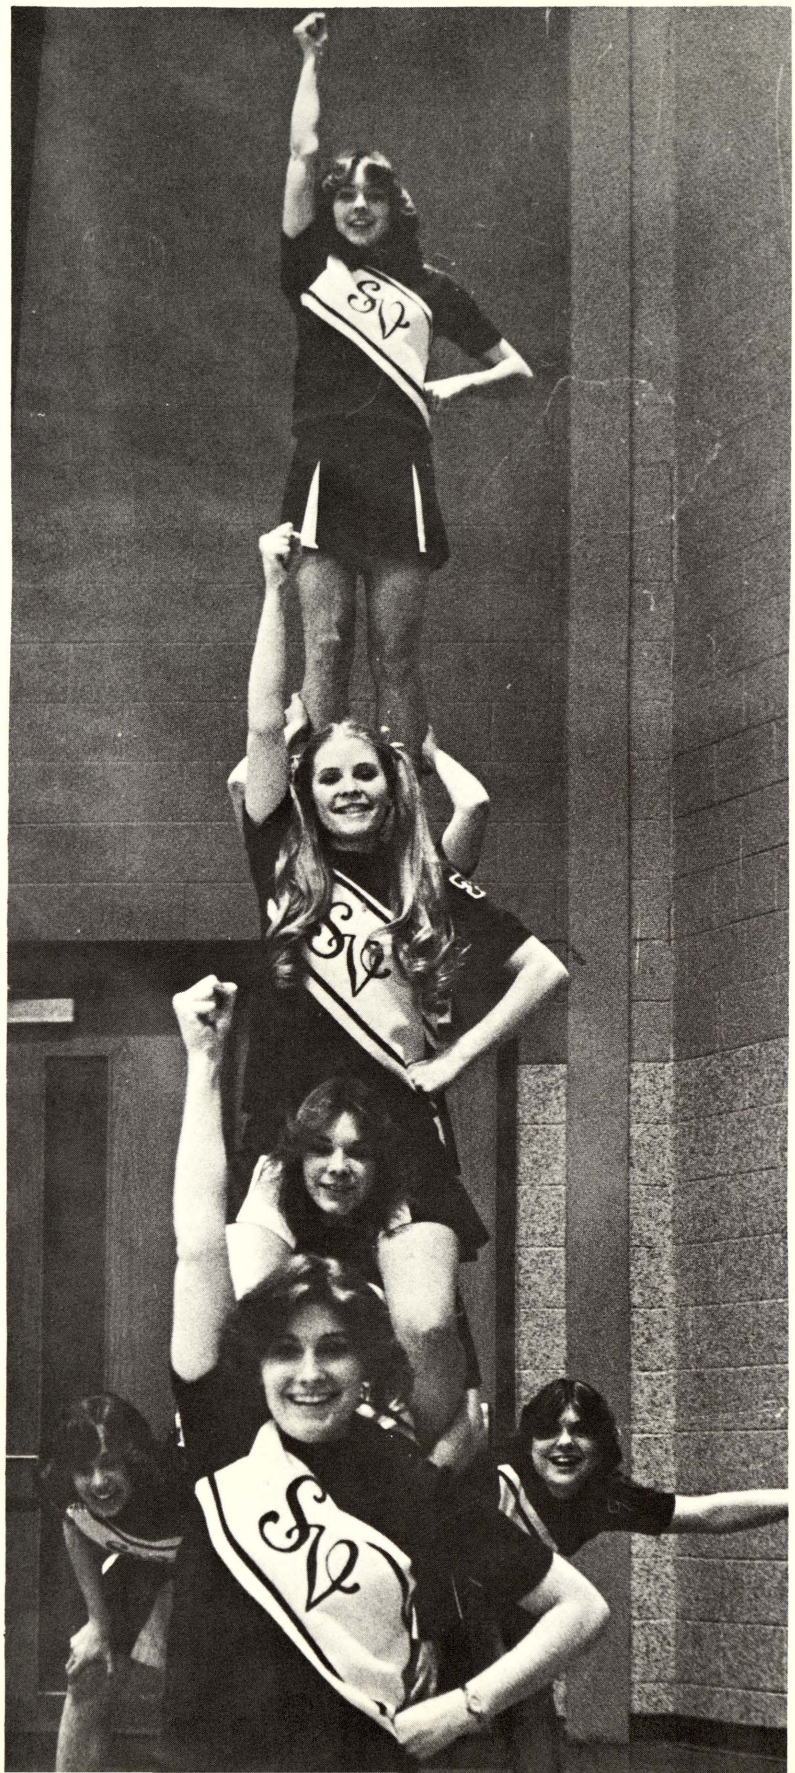
Pom Pom Squad Outstanding

The S.V.H.S. Varsity Pom Pom Squad achieved many outstanding goals during the 1977-78 season. The squad attended Ferris State College for summer camp after having practiced the entire month before. The girls came home with various first and second place ribbons and placed third overall out of 16 squads. They then attended two winter competitions and came home with several trophies. Besides attending competitions, the squad performed at all home football and basketball games. The 1977-78 Varsity Pom Pom Squad is undisputably one of the best ever, and they will always be remembered for their outstanding and unified performing quality. They would also like to extend their appreciation to Mrs. Schell and Mrs. K. for two years of help and leadership.

Mrs. Koppenhofer (advisor) ROW 1 (L to R): Sue Rutledge, Sally Rutledge ROW 2: Lori Koppenhofer, Tammy East, Tamy Arney ROW 3: Connie Robel, Lisa Ellis, Denise Meleski, Annette Kahl, Kay Houston ROW 4: Vicki Thomas, Jeaneen Oliver, Suzanne Abbott, Jodi Koppenhofer, Beth Coffey, DeeDee McMillan.



Spirit Makers



Varsity Cheerleads (L-R): Lori Rabe, Paige Cook, Carla Ludu, Julie Rabe, Pam Van-Y, Bridget Dice, Carole Houston.

The Varsity Squad of cheerleaders is made up of seven of our most spirited Vikings. Not only do they cheer, but they are also the driving force behind such activities as Pep Assemblies, Homecoming Week, and Spirit Week. The Varsity Cheerleaders also compete with squads from other schools. At summer camp they were the recipients of both the Super Spirit Award and the Spirit Stick.

It is not difficult to see, then, that these seven people have indeed earned the title of SWAN VALLEY SPIRIT MAKERS.

Class Of '80 Cheerleaders

Cheerleading has been a great experience for the JV Cheerleaders. It gave them a chance to meet many new people from other schools. It also gave them the opportunity to really get to know their fellow Vikings. According to the JV squad, "It was a great treat because we were cheering for the class of '80, and they really helped us."

The 1977-78 Junior Varsity Cheerleaders are (Clockwise): Tina Crampton, Joni Gehrls, Velvet Pahssen, Sue Talbot, Rene Whaley, and Cindy MacLachlan (center)

Freshman Cheerleaders

This year's Freshman Cheerleading squad consists of (Clockwise) Connie DiMercurio, Ann Harden, Robin East, Ann Turner, Christy Wenzel, and Cathy Turner (center).

Although they may be the youngest of the Swan Valley cheerleaders, whatever the Freshman Squad lacks in experience they make up in Spirit, Spunk, and Friendliness. They also possess the one factor that separates the good from the great, they don't give up trying, and maybe that's what it's all about.

Who's who among Freshman Cheerleaders?

Swan Valley Spirit Strong

Our JV cheerleaders bubbling over with spirit.

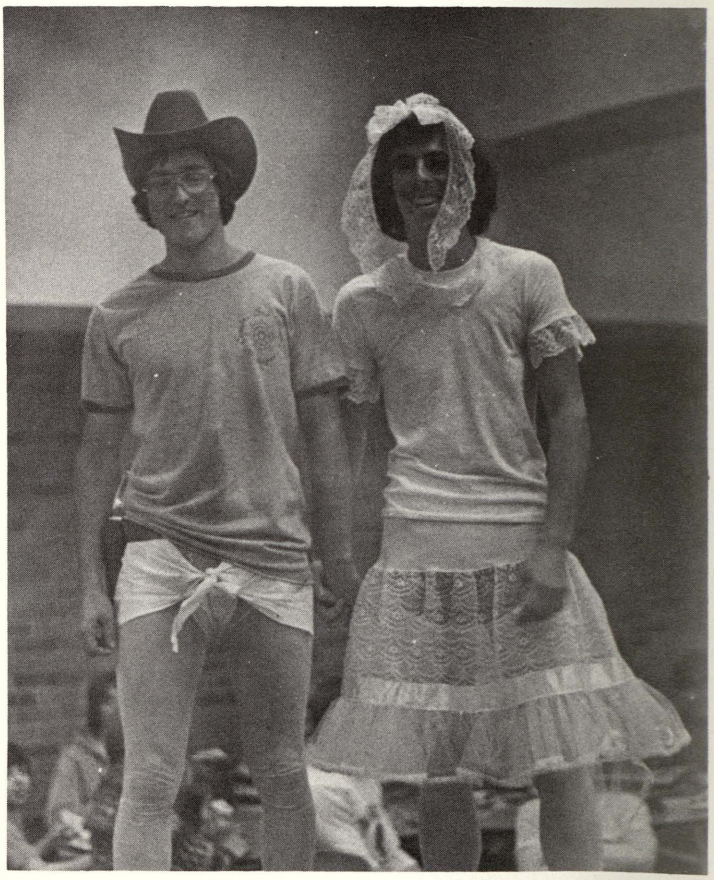
As usual, Matt Hurd takes the cake.

Monday's child is fair of face, and no face could be fairer than one full of bubble gum. Many faces full of gum were evident on Monday as it was Bubble Gum Chewing Day.

Tuesday's child is full of grace. This could be seen as everyone scurried to buy small pieces of tape to see which class could make the longest line of tape on Tuesday, Tape Day.

Wednesday's child is full of woe. No one could be more woeful than those seniors who were to be sold in the Slave Sale.

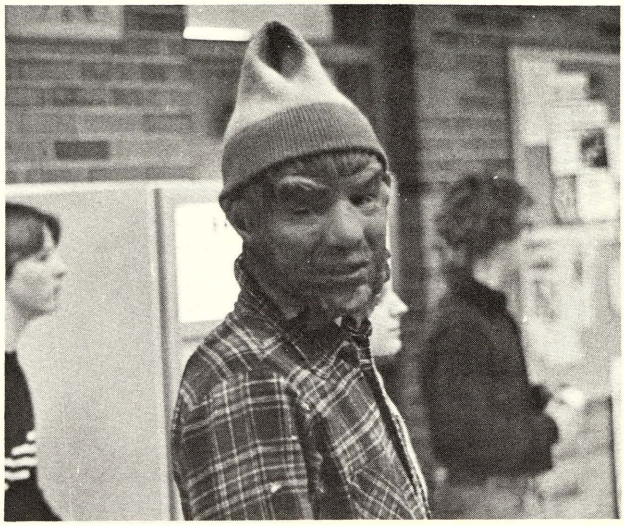
Thursday's child has far to go, as the day stretches on and on for the seniors who have to fetch and carry for their merciless masters.



A "Mother and Child Act" is staged by Steve Schneider and Paul Lichon.

Panic-stricken Michelle strums her guitar as owner Jim looks on.

Friday's child works hard for a living. The Pep Assembly on Friday marks the culmination of all the hard work put in by those involved in making Spirit Week a great success.



Smile pretty, Brian.

Communication — Goal Of Spanish Club

In comparison to some of the groups at Swan Valley, the Spanish Club is relatively small. It is made up of those who earnestly desire to know more about the Spanish-speaking peoples and their language.

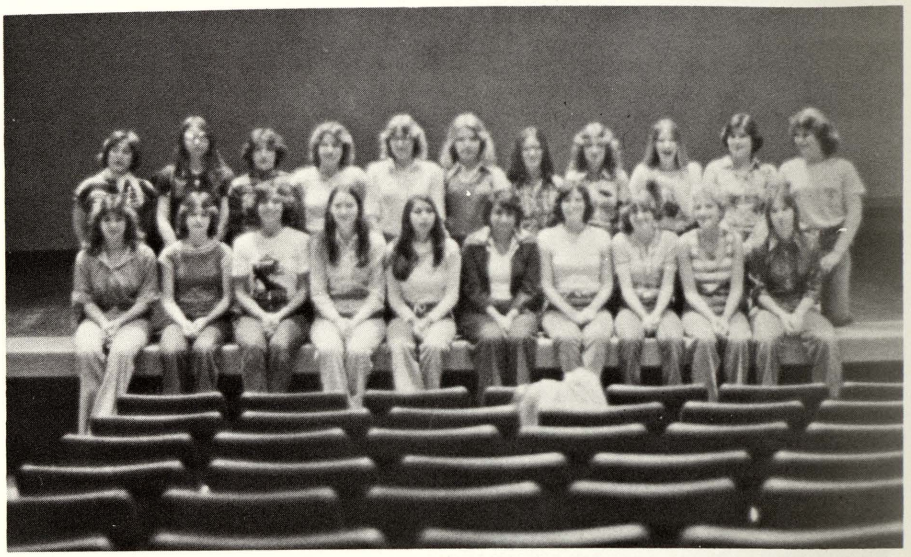
The Spanish Club, under the direction of Mrs. Nancy Tesauro, has worked on several activities throughout the year.

To earn money, the Spanish Club sponsored both a candy sale and a jewelry sale.

Christmas caroling (in spanish, of course) was heard through the halls during the Yuletide Season. The annual Christmas party was a success, with students preparing and sampling dishes made from the recipes of several countries.

One important aspect of the Spanish Club which must not be forgotten is the benefits the members receive from exchange students. These exchange students readily provide information to those eager to learn first-hand of what a foreign country is like. These exchange students provide the link between what is read in a book and what is happening in some other part of the world.

For students from different countries to be able to communicate both verbally and non-verbally, is what the Spanish Club uses as a goal.



Spanish Club Members. Row 1: Marilyn Moore, Carol Lewandowski, Carole Houston, Corene Holihan, Cecilia Jaramillo, Jeanette Cruz, Kay Houston, Janice Graham, Carolyn Case, Jeanie Talbot. Row 2: Mrs. Tesauro, Debbie Koeltzow, Lili Casadiego, Ann Beckwith, Terri McManus, Tracy Hirschenberger, Tammy Murray, Erin Foy, Julie Rabe, Janine MacLachlan, Cindy MacLachlan.

Buffet supper--a BIG success.

This year the National Honor Society was the largest yet, and the members were more active than in previous years.

To be nominated for the NHS, a student must have a 3.5 Grade Point Average if he is a Junior, or a 3.0 Grade Point Average if he is a Senior. After being nominated, an evaluation sheet is given to each of his teachers throughout high school. Each nominee is evaluated on leadership, scholastic performance, and community service. After all this, the nominees are reviewed by Mr. Belcher, who makes the final decision.

The new members of the NHS were inducted during a buffet supper on April 11. This was the first of what, hopefully, will become an annual affair.

Community service is one aspect of the National Honor Society which has been stronger this year than in previous ones. Projects done as community service included such things as tutoring, donating blood, doing chores for shut-ins, picking up litter, and doing hospital work.

Each year the Honor Society has grown, both in number and in quality, and this year is no exception.

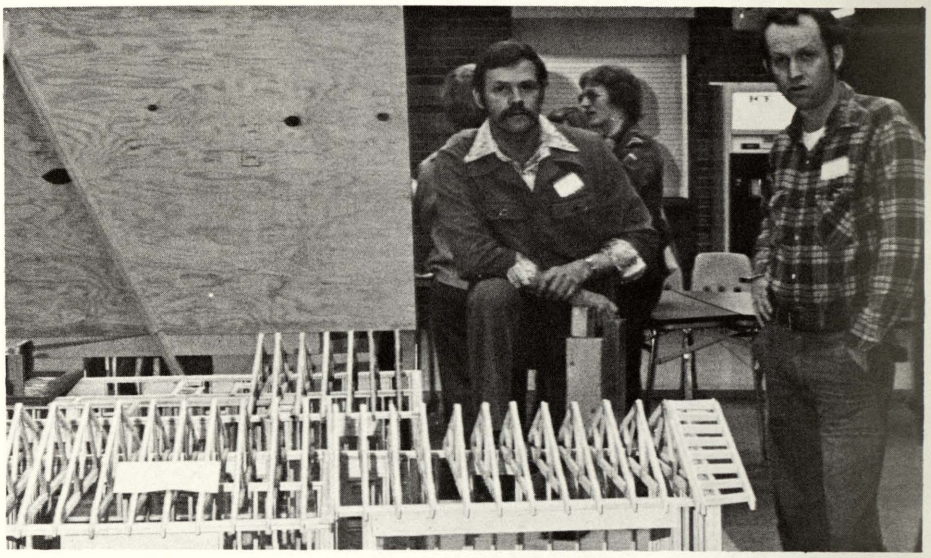
Recognition was also given at this time to those seniors who were selected as members of the Society of Distinguished High School Students and Who's Who.

A Community Aide Award was given to seven students who have been involved with the teaching of children. These students have spent many hours teaching these children how to swim. The award recipients were: Michelle Berry; Bill Brokob, Randy Crawford, Kevin Meleski, Brian Sorbo, and Renee Wyatt.

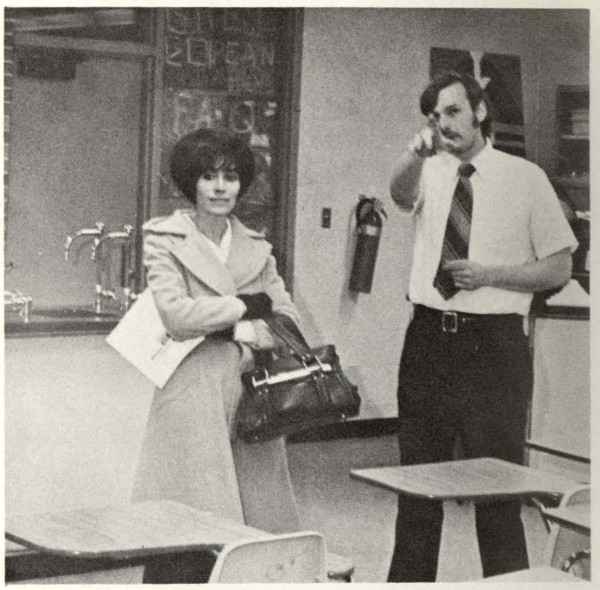
Although the awards ceremony itself was relatively short, the memories of it will linger on for a long, long time.

Achievement Night



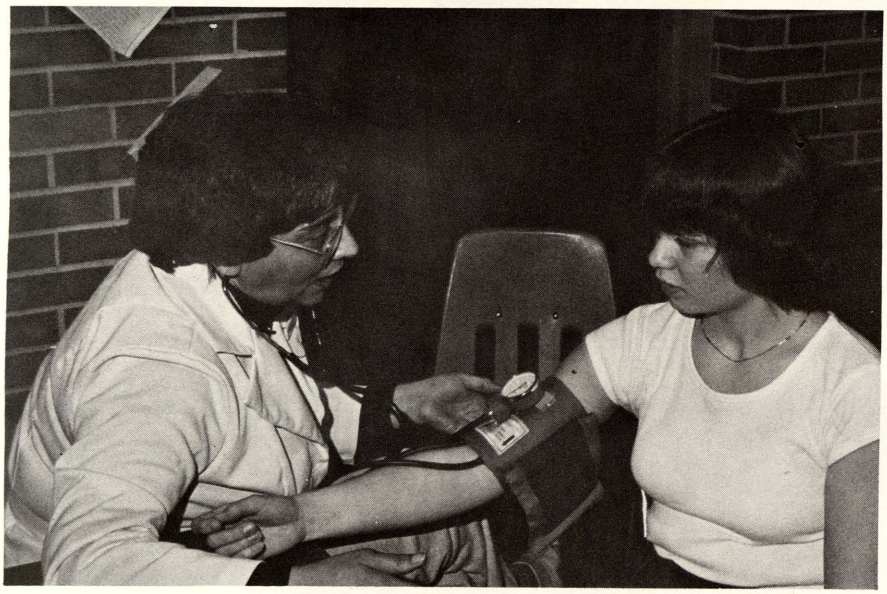
Displays always attract attention.

Mrs. Leavenworth is intrigued by the Science display, which offered plants for sale.



Mr. Hyduke points out something to an interested parent.

Mr. Michelson answers questions concerning music.



The Nurse's Aide class provides a blood pressure check.

Achievement Night would not be the same without parents.

Throughout the entire school year tests are given and report cards are sent out. These indicate a student's academic progress. But, once a year, the students and faculty members work together to SHOW parents what has been learned. This is Achievement Night at Swan Valley.

Displays are set up by every department, and great pride is taken in showing these displays to interested parents and community members.

The entire school is opened for public view. Some departments prefer to show their exhibits in the cafeteria, while others stay in their rooms.

Displays may range from beautifully finished pieces of furniture to partially-dissected pigs to research papers.

Achievement Night is a time to take pride in what has been done. Students take pride in what they have done and parents take pride in the students. Pride is something you MUST live with, but something you wouldn't want to live without.

Another important factor in Achievement Night is the learning experience gained from working with others, students and faculty members, towards a common goal.

A Night To Remember

Sounds of music and laughter filled Delta College, the scene of the Junior-Senior Prom, the evening of Friday, June 2, 1978.

Decorations were in keeping with the Senior colors of blue and white and the class flower, the carnation. Music, provided by Tammer, was danced to by one hundred couples.

John Main--Outstanding Boy.

Some people may think that awards and scholarships given to a graduating senior are given merely by chance. They may not realize, however, that these awards and honors are the culmination of several years of maintaining high standards of scholarship, leadership, citizenship, and community aid and service. Those who receive such honors as scholarships and awards should never be embarrassed by the type or quantity of these honors, for every honor received is evidence of their achievements in high school and the certainty of those given the awards that that person will achieve even more in the future.

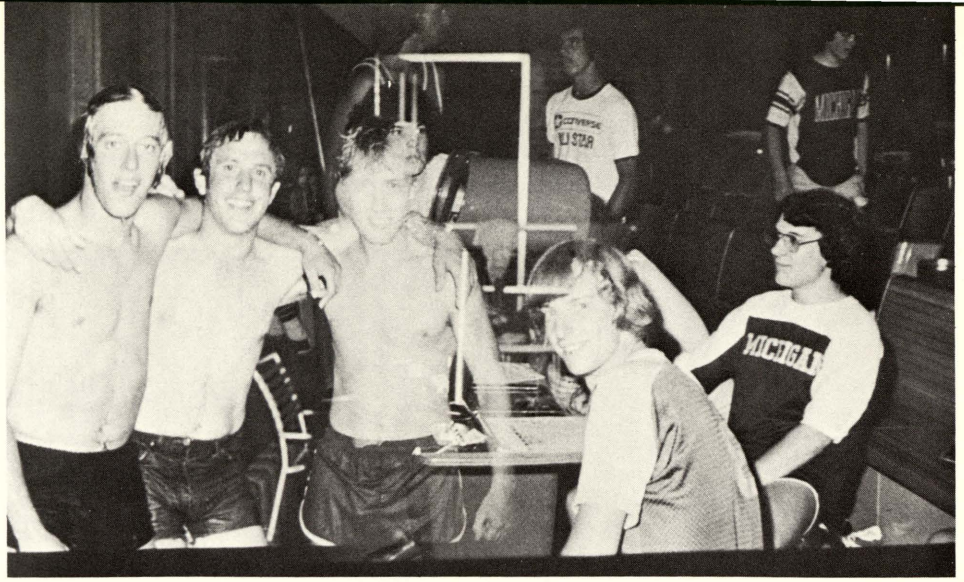
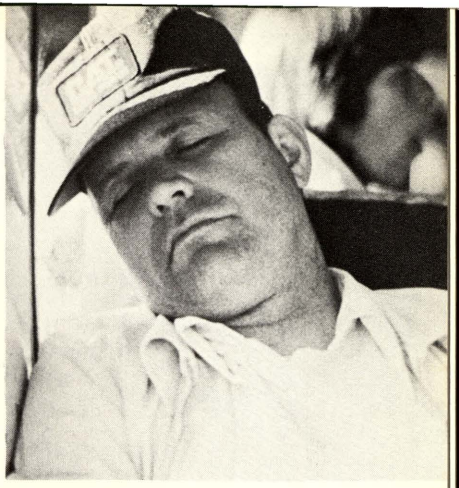
Mr. Rossio leads the way as everyone disembarks from the buses.





This composite picture shows both bowlers and swimmers.

Some of the guys relax before dinner.

Many smiles were in evidence during the senior trip.

For the first time in the history of Swan Valley, the graduating seniors were allowed to take a three-day trip.

On Tuesday, May 30, at 6:00 a.m. the sleepy, but excited group left for Cedar Point. After arriving at the park at about noon, the remainder of the day was spent enjoying the rides, games, and shows that are offered for one's amusement.

The night at the motel a combination pizza/pool party was given.

Early Wednesday morning the group set off for Niagara Falls. Nearly everyone, students and faculty alike, spent this phase of the trip sleeping on the bus.

Nearly three hours were spent at Niagara Falls. The beauty of the Falls awed everyone.

The next stop was Toronto. Thursday night a buffet dinner was served and music was provided for a disco dance.

The following morning in Toronto everyone was free to go and see the sights of the city. At 1:00 p.m. the buses were boarded and everyone started for home.

There is no doubt that everyone felt closer as a class on the Senior Trip than at any time during the past four years of high school. It was, then, quite a trip!

Football Is Teamwork

After a heartbreaking 7-6 loss at the hands of Carrolton's Cavaliers, many people thought that the Viking scoring machine had come to a screeching halt. But regrouping their forces they rebounded with four consecutive victories over OvidElsie, Alma, St. Johns and Chesaning before bowing to Hemlock 14-0. The Vikings returned to their winning ways with strong offensive and defensive performances against Bullock Creek and Corunna, only to be upset in the final game of the season 8-6 by Caro.

Determination Key To J.V. Season

Energetic, hard working, and dedicated were all characteristics of Swan Valley's Junior Varsity football team. The Vikings gave fine performance all season as shown by their 5-3-1 record. The offense was well balanced between passing and rushing while still maintaining a tough defense. All in all this years team was big on poise and determination, and of course, they never gave up regardless of the score.

Wrestlers Win

The Swan Valley wrestling team completed its most successful season in history by finishing with a perfect 12-0 record. The Vikings captured three tournaments including the Birch Run Invitational, the MMB Conference meet, and the District meet at Alma. The wrestlers also placed second at the Freeland Invitational, the Saginaw County meet, and the Regional meet at Mount Pleasant.

The wrestling team was led by a foursome of seniors including John Burns, Tim Flattery, Bill Kennedy, John Main and Dale Stroebel. The remaining positions were filled by some talented underclassmen.

Girl Cagers Post 12-9 Season

Members of the girls' Varsity basketball team feel that playing basketball is a challenge and is quite rewarding. They gain new skills with each season and have many rewarding experiences.

The season's record for this year is better than any previous varsity season. The team ended with thirteen wins and nine losses. As a result of many hours of hard work and much practice, the team suceeded in playing against other teams in the Class B District finals.

Great team effort was shown in the tournament game against Saginaw Eisenhower, however the game ended in an Eisenhower victory.

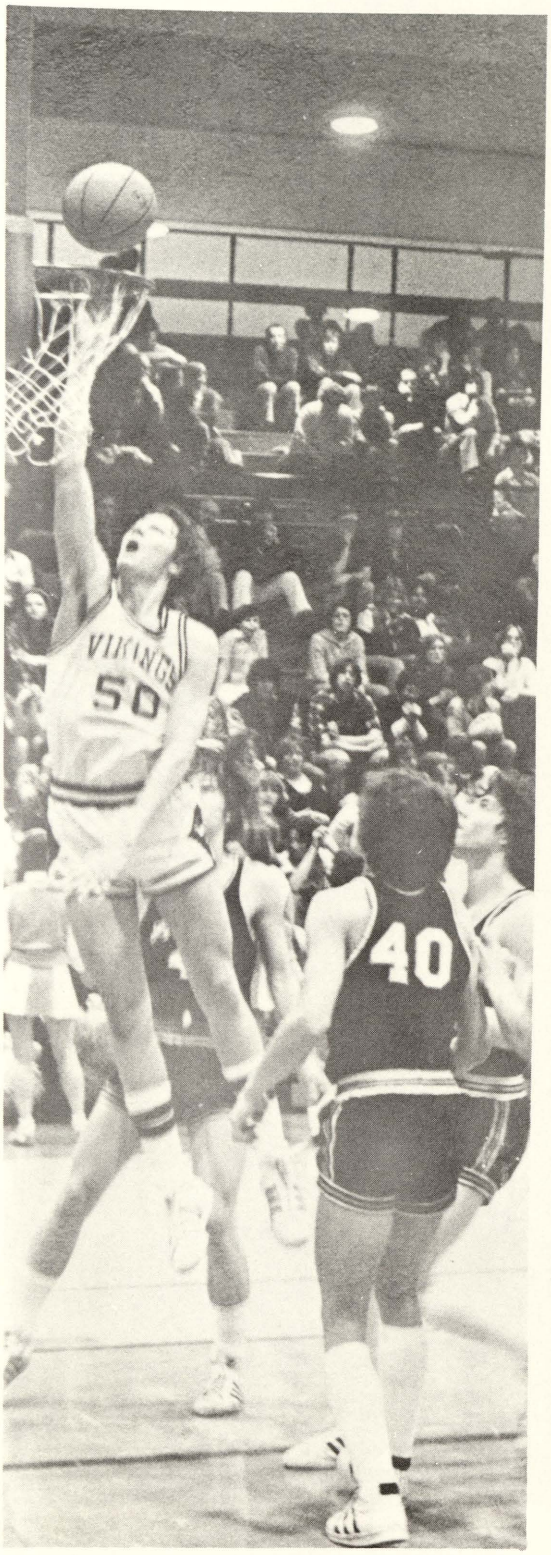
Vikings Suffer From Inexperience



Chuck Thomas gets an easy two.

Yes, it was true. the Varsity of Swan Valley had their troubles this year, including inexperience, injuries, and illness. After losing their first five games, the new year found their determination and desire for victory paying off with a 54-52 win over MacArthur.

Their winning way continued with hard-earned victories over Hemlock and Carrollton. The remainder of the season was one of ups and downs as they posted a 7-13 record. With many returning veterans, next fall is full of promise.

Freshman Collect Experience, Skill

The sounds of dribbling basketballs, coaches' whistles, screeching sneakers, and enthusiastic freshmen filled the gym from November to February.

The freshman "A" basketball season was highlighted by teamwork and dedication on the part of the players. The excellent depth of this year's team was evidenced by the playing time logged by all team members. Mainstays for the young Vikings were Matt Kowalec's hustle, Phil Young and Jim Koeltzow's scoring, and Matt Coffey's rebounding, as well as the playmaking of Dave Koppenhofer.

This year's freshmen "B" team had four wins and twelve losses, but if the success of the team was measured by individual improvements, this was a successful season for each team member. Leaders for the team this year were: Brian Kahl - scoring, Jack Elliot - rebounding, and Jim Smith and Mike Maturen - steals.

B TEAM WON 4 LOST 12

Swan Valley Hits The Slopes

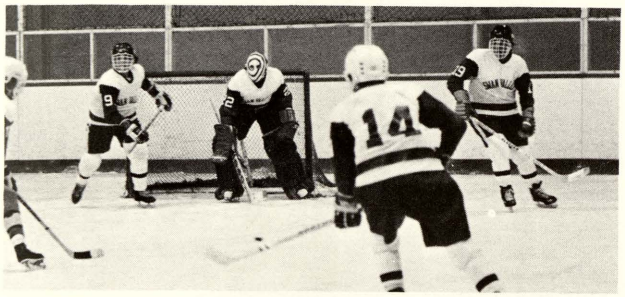
According to Coach Guilford, "Beginning with strenuous workouts in November and continuing with many hours of practice, the young Viking skiers progressed steadily throughout the season. Their efforts were capped with fine performances in the Mid-Michigan Ski Conference Champions. The ladies team finished second in the giant slalom and the men's team placed second over-all."

The 1977-78 Ski Team consists of: Barb Klein, Janice Graham, Misty Winarski, Beth Ballien, Tammy Arney, Erik Gerard, Mike Lichon, Matt Hicks, Kelly Arney, Steve Nickoli, Steve Birnbaum, Doug Larsen, Brian Sorbo, and Rob Harshmen. Coach for this fine group of athletes is Mr. Guilford.

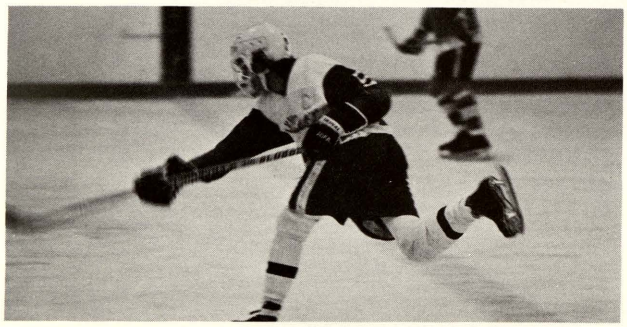
Vikings On Ice

This year's Viking hockey team made vast improvement over its previous performances by ending the season as Co-Champions of Division III. This year's record of 8-8-3 was the best in the team's three year history. The team's immense desire to win more than compensated for its youth and inexperience. The team led their Division from the first game all the way to the end. Defeating the Division II champ Midland Dow was one of the highlights of the season.

Next year's team shows the promise of more exciting hockey for it's Swan Valley followers.



Goalie Steve Lee awaits a shot as Scott Ladouce and Dennis Wellman move in.



Matt Hall shows the form which scored twenty goals on the season, a new team record.

Teams leading scorer Kevin Meleski breaks out of zone with Dan Castillo.

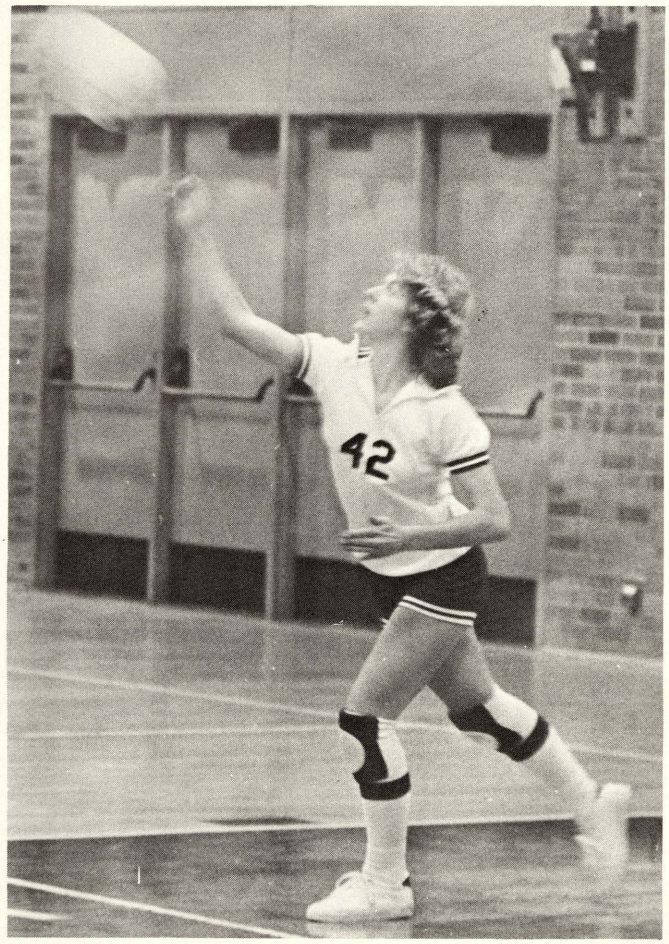
Perfect form, Perfect stretch.

Swan Valley's 1978 Varsity Volleyball season found the competition equal to or better than this year's Vikings. Even though the team improved with hard work and dedicated effort, the Varsity could only achieve a .500 season. There is considerable hope for next season, however, as the Junior Varsity only sufferred two losses in a very successful season.



Fine serve, Linda!

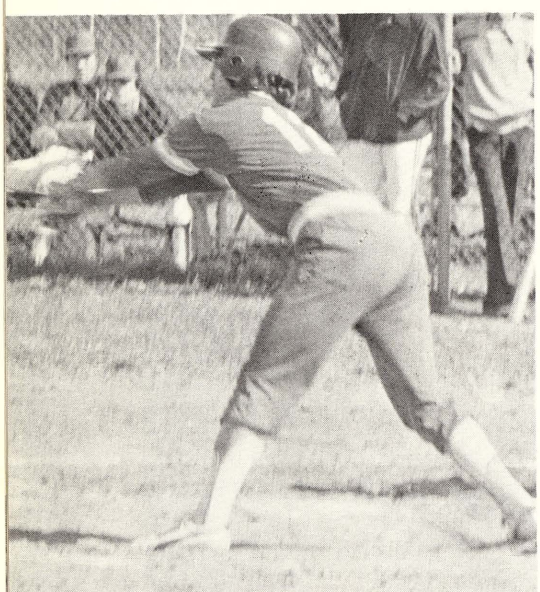
Swan Valley Is A Hit

The Varsity Baseball Squad ended their league season with a 7-7 record. They played excellent ball all season and all of their games were close. Paul Lichon and Fred Reis as co-captains provided the necessary team leadership.



Dan Castillo takes a mighty cut as he swings for the fences.

Paul Lichon slides safely.

Pat Lynch beats out an infield hit.

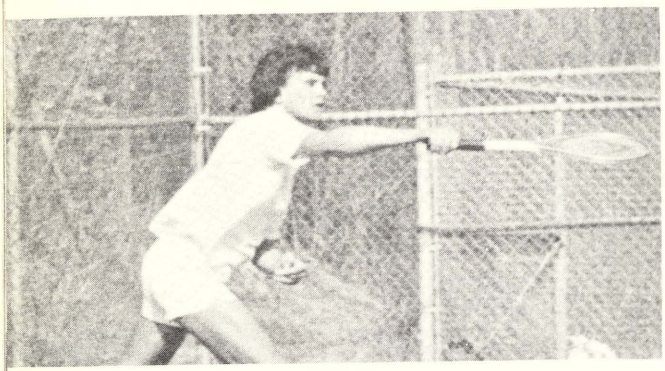
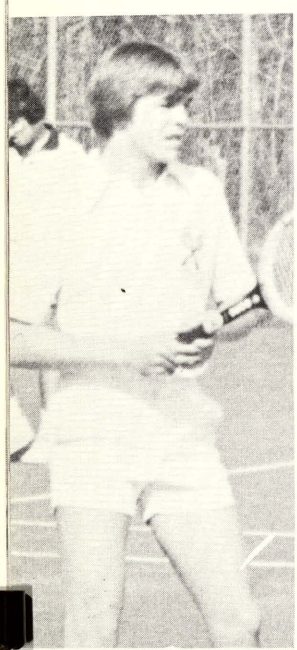
Tennis Team Achieves Best Record Ever





The Swan Valley Tennis team concluded its most successful season ever by compiling a fine 6-3 record and a third place in the MMB conference standings. The young Vikings were once again led by underclassmen with Junior Dave Little showing the way. Three other Juniors rounded out the top four singles spots: Steve Lee, Rick Brainard, and Greg Winiarski.

The doubles teams were much improved over last year, led by Sophomore Tim Giacoletti and the team's only Senior, Nick Muguira, an exchange student from Mexico.

The Year In Retrospect

Books

May 15 saw the publication of RN: THE MEMOIRS OF RICHARD NIXON. The book contains few new revelations, but it provides significant insight into the thinking that led Nixon into the Watergate cover-up that caused his resignation in the face of almost certain impeachment.

Heading the best seller fiction list was Colleen McCullough's THE THORNBIRDS whose paperback rights were sold for a record $1.9 million dollars.

Medicine

The sun is the leading cause of skin cancer say health experts. Authorities say too much sunlight destroys cells in the upper layer of the skin leaving it vulnerable to cancer. An increasing number of cases are being detected in young adults.

World

President Anwar Sadat of Egypt undertook a peace mission to Israel in November of 1977. During his meeting with Prime Minister Menahem Begin he hoped to break the barriers of hatred between Egypt and Israel that has caused four wars in twenty years of Middle East turmoil. Sadat's forty-four hour visit saw a change in atmosphere, however, peace has yet to come.

The issue of the Panama Canal Treaty found opposition in both the United States and Panama. In a plebiscite the Panamanians approved the pact. After much debate the United States Senate approved the pact, and the Canal Zone will be turned over to Panama in the year 2000.

Environment

Man and his interaction with the environment has had widespread effects on many animal species. This has resulted in many species becoming "endangered" which means that they border on extinction. There are many reasons why the number of endangered species has grown. Among them are poaching or illegal hunting for a profit on the world market. For example, ivory from elephant tusks sells for $30 on the world market; zebra hides go for $1600 or more.

The United States has taken a world leading position in attempting to save these endangered species.

Biologists argue that Man must preserve these endangered species because if he continues to allow animals to become extinct, he himself may someday become endangered.

Sports

1977-1978 was a year of surprises and the expected in the field of sports.

Baseball's World Series saw the Reggie Jackson-led New York Yankees defeat the Los Angeles Dodgers in six games.

The National Basketball Association championship was won by the Washington Bullets over the Seattle Supersonics. This was only the third time that the visiting team won the seventh and deciding game in the series.

The Triple Crown in racing was won by Affirmed, ridden by eighteen year old jockey sensation Steve Cauthen.

The 1977 Super Bowl found the favored Dallas Cowboys coming out on top over the Cinderella Denver Broncos.

The surprise of the hockey world was the dramatic resurgence of the Detroit Red Wings. For the first time in years the Red Wings made the NHL playoffs.

The Detroit Pistons experienced a stormy year as Coach Herb Brown was fired and replaced by General Manager Bob Kaufmann. The team never seemed to recover from this change in leadership.

Education

Students attempting to get a college education in 1977 were confronted with a bigger problem than the books; rising costs for tuition were a major obstacle to those seeking higher education.

Colleges are faced with a problem of increased costs due to inflation and a predicted decline in the college-age population.

The College Board survey indicates that total costs for a year will average $3,140 at public institutions and $5,110 at private schools.

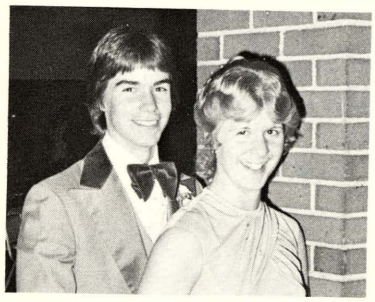
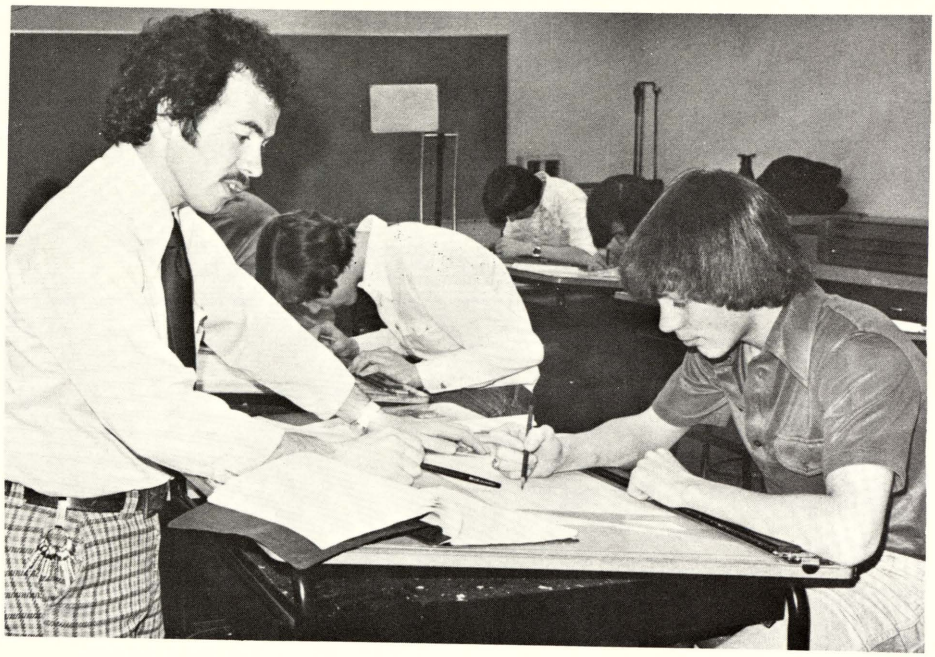
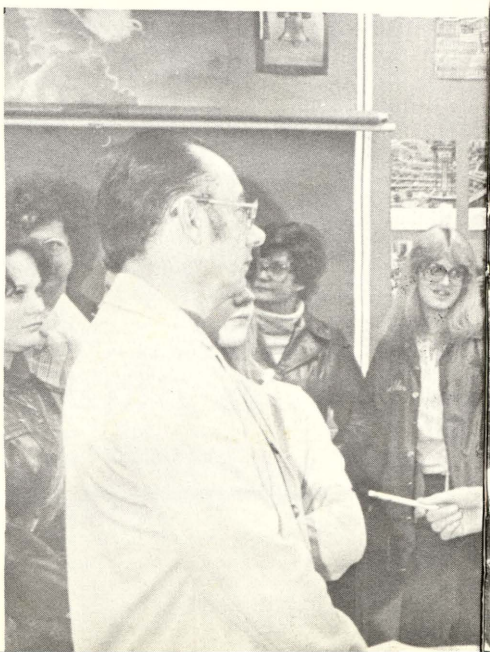
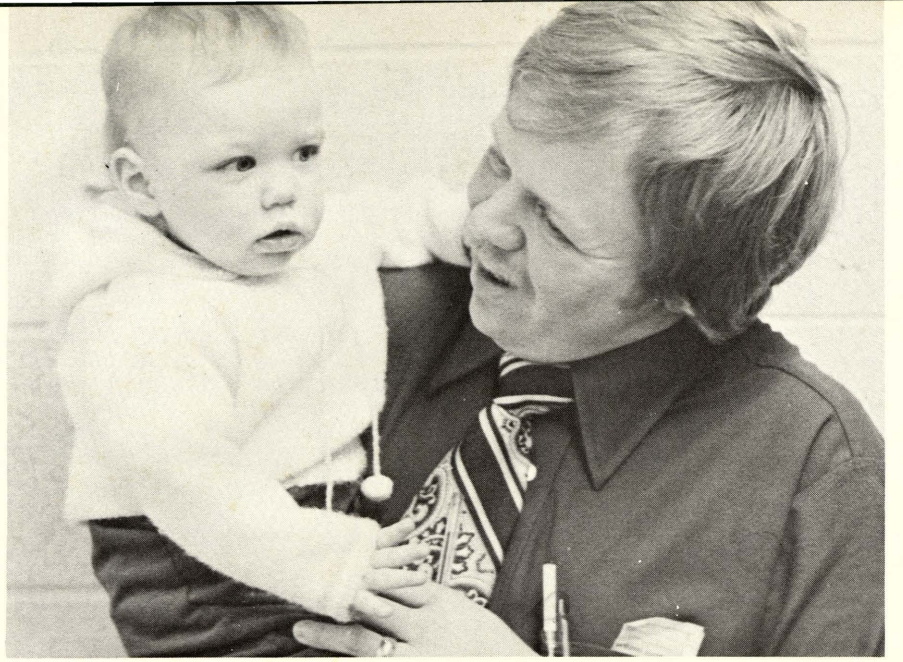
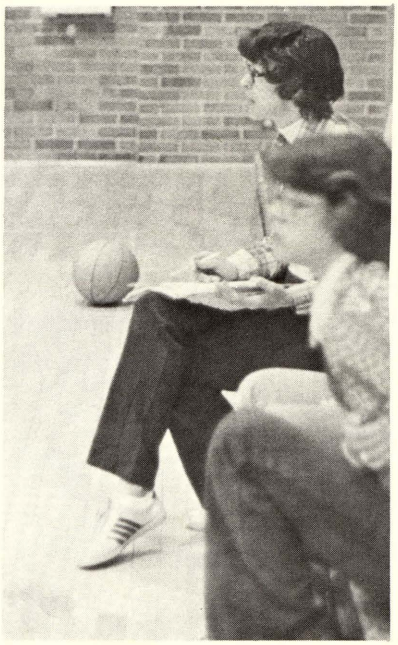
DARK ROOM

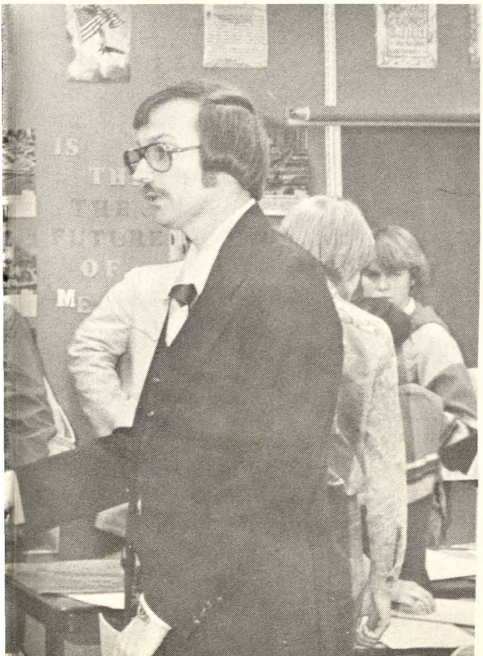












EXIT

It has always amazed me how a few individuals can retain and preserve the memories of eight or nine hundred other people. This is, however, the essence of a yearbook.

A yearbook staff is notoriously known for it's dwindling quality. At the beginning of the year there were 32 students who said they would like to work on the staff. By the first deadline that number had dropped to about 15 and by the end of the year there were about 8 people who could honestly say they had helped finish the book.

Although the eight who stuck with the yearbook worked long and tiring hours, I think it was worth it to them. They can be very proud of what they accomplished.

My deepest thanks go to Mrs. Klemko, without who's aid this yearbook would not have been possible.

Gratitude is also extended to Mr. Klemko and Mr. Watenburg. Mr. Klemko was invaluable in his capacity of "jack-of-all-trades." He was a combination mail-carrier, typist, and recruiter of information. It was also Mr. Klemko who negotiated with the yearbook company and the photographers. With Mr. Wartenburg as financial advisor I did not have to worry about monetary matters.

So you can see, much time and effort has gone into this yearbook to preserve memories for you. I sincerely hope you enjoy it.

Mark,

It seems like you moved out of Saginaw. I never get a chance to talk to you anymore. Even though I hardly ever see you. I know I could never forget you. You've always been a super friend and a great person in general. I hope that you have the best of everything in life. Take care and Good Luck Always.

Love,

Jeanne

Mark,

So a super-duper neat guy, I really would like to get to know better. You have a good football career ahead of you, and I know you'll do great! This is your last year (you lucky bum) so have a good time while you can. Stay as sweet and handsome as you are and I know you'll go far.

Love,

Anne

Mark,
We haven't seen much of each other in high school but maybe it will change this year & you're really a super person which makes it easy to talk to you. Good Luck in everything.
